"Michigan Corrupt Prison System"

I am a man who's still incarcerated in the Michigan Department of Correctionals its now going on 7 years. I still recall my 1st 30-days in prison when I had got Assulted by officers due to I was trying to go to the law library to file for Appeal due to I was misled by a court Appointed lawyer to plead Guilty to 2nd degree CSC with A Guideline of 3-15 years when I really realize what happen I requested to a officer how do I go about signing up for a legal writer that officer kiss me out and later led and said I was trying to hang myself officers responded by rushing in my cell that same officer came in my cell and hit and kick me numberous times stating "I hate CSC Punks". Not even a year later I was in Maximum security 1 of my friends Assulted a officer there and officers knew the guy was my friend so they retaliated against me by taking my food and turning my water in my cell off while im in the SHU it went on for 5-days straight and by the Grace of God my mother called up to the facility just to check on me because she haven't heard from me and by showing I had outside support they stop violating my 8th Amend. all the times I got Abuse or seen others get Abuse it always went unheard of after the fact because when it comes to Michigan prison system we prisoners have no voice. Officers and other staff members suppose to be committed to protect but when it comes to prisoner they dont unless its prisoner on prisoner and they will never let it go unheard. Then they(MDOC) set up so many blocks when we recieve letters such as the person who writting name and address must be on the letter, now by them doing that I can present us from writting back or even getting the letter. it seem if they(MDOC) dont want us writting to society to possible put what they doing in the spot light. Then the Michigan prison system dont really care about been sued at all they(staff) always get it se well known" we got Attorney General behind us and Attorney General knows we corrupt officers but due to yall prisoners dont have enough money yall will never win". which that statement is 100% true im going threw it right now I sued a corrupt officer for using excessive force on me after I compile to every officer order he(officer) did it because I assulted a white guy and the officer is also a white guy. I write many people to get my case heard but no one is willing to help me but I keep pushing 100% forward with my law sue because I want a change to happen in Michigan Prison im tired been Abuse and seeing others get

Abuse and isn't Nothing been done about it. days while im lock away in my cell i be so full of hurt and Pain because i know im 100% innocent then when im sitting in a cage like a Animal im keep been Abuse by officers i know if i Reacted in a negative fashion to what the officers doing to me i will get into trouble and officers know that. it feels as if im in slavery again all i can do is cry and pray it will go away plus i can get my voice heard. its very stressful dealing with these problems knowing by been lock up you lost alot of your Rights as a human but on top of that your voice not gone be heard but i always remind myself im going home.

Now as far as Michigan parole board ~~[illegible]~~ is Another corrupt part of Michigan system because they are well aware how corrupt this place we are living in and still never try to let us people they dont give parolees To no type of chance to prove we made a mistake in life instead they dont let us Appear at our hearings at all. my parole been denial 3 times already without really giving no good Reason on doing so nor have the parole Board ever Allow me to come to my hearing im up again for my next Parole hearing January, 2020 plus Michigan pass a new bill in May 2019 where it must be A Two reason in detail why a person didnt get their parole but by me dealing with the parole since 2015 the very 1st time i suppose to have my hearing know how Corrupt they are if they can find and loop hole they will use it against a person.

dealing with Michigan SHU they force us to stay in there for a very long period of time for things such as a Threaten behavior misconduct which officers 80% of the time lie due to its a misconduct that prisoners cant win at all its the officer word against the prisoner word instead of having a fair hearing. MDOC dont get us in the hole to learn a lesson they dont it to Remind us officers is the 1st with the power. by me doing 80% of my time in and out SHU i notice it broke me from wanting to be social with people and been around alot of people it isnt by choice neither its just the results from been lock in a small Room so long then once we get out of SHU they(staff) dont get us Any treatment to help Adjust back to the sitting of been Around people and been 100% social with people. officers and other staff members knows it take a Affect on us mentally because they Acknowledge it to me before by stating "if i keep you in seg. the Results gone be you no longer have control over your mind which will lead to coming back to SHU". SHU is 1 major way officers

Abuse their Authority and Abuse prisoners such As myself
By taking our food trays and etc. plus SHU doing a long
term is also very corrupt because its bad enough im in prison
away from my family now im in SHU which pushes me
even farer from my family and bonds get broken quick due
to Mail slow down as well as phone calls Not only that
I seen within my body I lose weight quick due to poor
portion of food I cant order alot of food in SHU. doing long
term in SHU should be 8th Amend. Violation its 1
thing using it to make us learn from our mistakes then using
it to keep us to break us mentally and/or a place to
hold us for officers can easily Abuse us. in Michigan prisons
75% of officers at each facility be assign to work no where
But in the SHU due to how corrupt they are because if they
work in General Population they Create hostile enviroments for
others officers and us inmates.

Growing up at the age of 16 years I became a member of
G-Shyne Bloods when I came to prison I kept living that life up
intil 2018 I stop been a member I got properly release but I am
still been held on STG(security threat Group) 1 after STG Coordinators
Acknowledge I am no longer a member. the warden in Michigan
prisoners always hinder a person with Getting off that list because
they know alot of things they took from us people who are STG 1
or 2 such As 5 Phone Calls a week. No out Going J-pays or
incoming, No secure packs and incentive programs nor can we
get in any type of programs unless the parlor tell the facility or MDOC
to do so. It seem as if they want me to go back into my old
negative ways, then like Certain states got programs for Gang
members to take in Michigan they dont. they just put all STG
members on the same yard and watch how it become corrupt because
by us prisoners going at each other we put that we are been
oppressed to the back of our mind and deal with nonsense 1st its
sit up in Michigan for STG member to fail instead of getting
some type of help to change our negative ways in life. me still
been on STG just keeps me fighting postively to make a postive
change for myself and others as well.

Truly,
Shakeal Sawyer
