

"Everybody Your Color, Isn't Your Kind."

Brother's or Sister's may Be as Dark as The night,
They may have The hair, The lip's And The look's. But
Before you go Calling Them Brother's or Sister's, you had
Better check Them out. Because it is a Fact Black people,
That Everyone your color isn't your kind. These days, it
has Become fashionable TO say, people look like me.
Well friends, I have some Shocking new's for you.
Everyone That look's like you And is your color in'st your kind.
So many Black's today have Been Educated away
from Themselves And from Their people. They no longer
conceive of Themselves as Being Black or a part of The
Black problem. They have Been Brain Washed By The
System That They are Better Than That group of Black people
That They used to Be a part of. These people usually
wear The unofficial Title of 'house negroes; Their mission
in life is TO do The will of The majority race And TO Be
Respected By Those same folk's. These unconnected Black's
will Tell you That Affirmative Action did nothing for Them,
That it is no longer needed And That The playing field is
level for Any Body who want's TO work hard. These people
avoid Black neighborhoods, Black churches. And Black Affairs.
The Reason, They are ashamed of Those Black's That are Beneath
Them. They are ashamed Because in Their opinion, These
disfranchised Brother's And Sister's don't know how to act And
They may Embarrass Them in front of Their so-called
white friend's.

Everybody of color is not your kind. Rap Singer's
whose Song's degrade our women And urge our young
children into a life of crime, are not our kind. I don't
care how Baggy his pant's are, How his cap is turned
Back-wards or How much he goes, "hey-ho-hi," he's not
your kind.

Any Drug Dealer who preys upon children and the helpless in our neighborhoods ~~is~~ IS not our kind, regardless of how cool he may be, or how cool he may dress. Any person who changes from who they are because of where they are, you better watch them.

Any politicians, community leaders, or handkerchief head house negro who brings you the white man's message that you know to be untrue, or not in the best interest of Black people, you better watch them. Because everyone your color, isn't your kind. We must also be mindful that people that are not our color, aren't necessarily our enemies.

As the BRO: ISMĀ'IL ABDUL HAKĪM. AKBĀR; once said, All the enemies aren't up in the big house. Many of them are right here in the hood. They're your color, but they're not your kind"...

“Brother: ISMĀ'IL A.H. AKBĀR;”
