my name is Jammie Mclean. W65910.
I Am writing for a few reasons And I hope
by the time you done with this letter
it will help others. Thank you. well right
now I Am in shu at C.Z.W. Po. Box 81000
I been in shu almost 2 yrs. This has been
the hardest time for me yet. only because
I been threw alot. Like I said I was
17 yrs old when I got 17-life I came
right to prison at Age 17. No-Help no
friends Just me. I Did not kill no
one. I was Just that lucky one to
have trial at the right time. I was
the first Teen Girl to get life. no
I Did not cry I Dont know why. yes
I had good times And BAD times Just
like every one else. at V-S-P-W. I
got real close to a few people who
helped me in alot of ways. I learned
how to write, read, Do self-help groups
And Do positive things. yes over time I
lost family to Death. I still never
let it go yet. yes I Did y legal work
to get out. But yet no Hope. Just
that same Dream as always. Just
this YEAR in 2015 I talked to my
younger sisters. It went alot only because
I thought Just like other people I
was thrown out like trash. But my
hope came to me. my sisters would
be they are by my side now And always
was. my younger sister is going to Law-school

she said to be that kick ass lawyer to get me out. I would hear I believe her, before me talking to her I was in a dark place in life I got in a lot of trouble behind not feeling like I was being understood. Stress was very heavy on me. Violence was all around me in more ways than one. The violence was not so much us in notes but with staff. C.C.W.F. was so different for me and others. You can feel the stress throw the air. I went to Ad-seg behind bullshit. (Hear say.) in Ad-seg I was so mad - so stressed out I acted out and threw water out my door. Not trying to hit no one. I did hit the medical staff. Not her but her cart. She lied on me. I still got to go to court behind it. The staff use to bang my door all the time call me names. Call others outside there name. I was not getting the medical help I really needed. When I got sent to Shu at C.I.W I felt a lot better. Less stress. The staff is a lot better. My dark place got a little brighter. Just a few weeks ago I was told some bad news. I was told at the age 36 I might have breast cancer in my left breast. I went out to medical for more test. First thing I did was cry. I lost my mother at the same age for the same thing. The other thing I did was fall down and cry and pray. I prayed like no other time. I am not the

Kind of person that prays alot. I need to. Then I just wrote my family and broke down. Then I went to bed for a few days. I let depression get the best of me. Then out of no where I heard a voice. (say get up.) I did. I began to write what I feel and why. The only word that popped out was (hope.) Then I read this PSALM 94:19. when doubts filled my mind your comfort gave me renewed hope and cheer. THE Lord is our source of hope because his promises are true. we lose hope when we stop believing that. The Resurrection the greatest event in History, is the foundation of your hope. Jesus promised that He would rise from the Dead. And because He did. you can be assured that every other promise God makes to you will also come true. NO I AM NOT trying to throw the word at you. Trust me I AM open to every one believe. This is just what I felt and I believe others will fill the same. Just because the court gave us life. or the Board keeps throwing us out. or you get BAD news from home or medical. or you just having a BAD DAY. Just remember the word Hope. H.O.P.E. I opened my eyes and I see Life Different. if I do have cancer I will have hope. I will fight to the end. And I will be free. in all ways. YES it will be HARD but what is not. This Time in prison been up and down. There are other people who are sick also. Do Not Give up fight for your life. If I do not have cancer YES I AM Blessed but I been Blessed. I

been free. I been free inside y
spirit. inside y Heart inside y mind,
That is what no one can take
from me or you. I have a
new kind of hope. no more
Dark Thoughts. no more Dark
prices. it is filled with
hope. Joy, freedom, people that
support me no matter what.
Just have hope.
