

# 'A SHORT TREATISE ON REALITY'

Within the culture that we, as being Asiatic (so-called Black, Brown, Indian, etc.) men in America, now surround and surround ourselves are a multitude of misconceptions. Any of the slurs and poverty-stricken, high-rises of every city, town and/or municipality are, as one example, men who pride themselves on being "real" or "real niggaz"; and this very mentality has not only contributed to the masses of Asiatic men, but is exacerbated by the white estates, but has permeated these same prisons with a false pride founded upon ignorance and loathing.

This term, in and of itself, is a manifestation of the misconceptions of such perceived realities. These 'negroes', or 'niggers', or 'niggaz' that we choose to identify with are a made-up peoples, a derogatory illusion of the Europeans who have, for centuries, subjugated and enslaved the Asiatic man. Being so, it is impossible for any man to be a 'real nigger'.

The Circle 'I' Morrison (Iy Karam), brought to us by the Holy Prophet Sheikh Saïd Abdull Ali, teaches that "[+] there are two selves; the higher and the lower self... The higher self is the embodiment of truth, the lower self is truth reversed and so is falsehood manifest."

Thus, being that the carnal self, i.e. physical man, is, in fact, "truth reversed and... falsehood manifest", it can not, in any way possible, be a depiction or personification of 'reality'. One can not, as physical man, and

subject to the whimsical nature of the lower self, ever be accurately perceived as being in any way 'real', as 'real' is defined by the Oxford New Dictionary and Thesaurus as "actually existing or occurring; genuine; rightly so called; not artificial". The lower self is, as Sheikh Saïd Abdul Ali teaches, "falsehood manifested" and, thus, definitely not, in any way 'real'. For 'reality' is a manifestation of 'truth', and vice versa; and physical man is... "truth reversed"!

'Reality' is therefore only possible through the knowledge of one's higher self, the manifestation of truth itself. And the made-up peoples known as 'Negroes, Blacks, Coloreds, Hispanics, Latinos, Indians, etc.' cannot manifest such truth in their falsehood; only man in tune with the higher self, with Allah, can ever be considered 'real', proving the misconception and the belief that one could ever, no matter what feats he has accomplished, be a 'real nigger'.

The day that we, as a lot of peoples, overstand such concepts as these and shake off the 'follow-the-leader' mentality that we have adopted to is the day we will no longer be subjugated and enslaved. Ameen.
