

66 1st Amendment Under Siege 22
Recently last year (May, 2016) Arkansas Department of Correction Zarina Wendy Kelley issued a rather fastidious policy that cited newspaper clippings would be banned from prisoner mail, classifying them as (wait for it - with baited breath) "contraband"!?

According to ADC (Ay, caramba! Arkansas Department of Corruption) policy, they are... concerned about drug smuggling but said vitiated policy does not affect newspapers sent directly from the publisher. Furthermore family members and friends can send their loved ones print or photocopied news articles, obituaries, classified ads.

And to put insult upon injury ADC (Ay, caramba! Arkansas Department of Confusion) inmates - cannot receive nude or "sexually suggestive" photos, zines, books containing pixes of such, cat-

alogs. in the penny express,
MP 4's, e-mails. Policy cites in
order for such to be perbi-
dden, they must "pose a penal-
ogical threat up the security
of the unit?"

And this is a gay kaktist-
reocratic corrupt correctional
cabal that has a K-2 synthetic
marijuana epidemic and widesp-
read chisermania (e.g. masturbat-
ing in front of female and male
guards, nurses) epidemic (which
clearly violates PREA standards
e.g. Prison Rape Education Act) on
its wily mitts and rampant
correctional fatigue amongst
its employees - and they are
so stuck on stupid act te...
reforming these atrocities.

By law a legal battle is
on the horizon and (ADC) off-
icials should heed the jud-
icious words of the Bard for
they are going to get curst-

amped in court: "The first...
thing we do let's kill all the
lawyers.
