With my life and what I put out, my purpose is not to hate any one, not women, gays, nor to hate someone because the color of their skin...

I am not a gangster, nor a criminal. I am a person trying to survive, against many contrary destructive forces, whether substance, disease, addiction, my own negative choices and wrongs, and the humans who foe against me, and hate.

However, if the black M&M is poison, of any color, kind shape, person or thing is poison I void it, or try to explain to come to positive terms.

There is a power struggle, and a force of people in America, who try to divide people. They install hatred, racism, conflict etc in the minds and hearts of people. Also its cold, how they oppress people strip them and insert insanity ~~with~~ people.

Me I can't force everyone to be in sync and love, and like me.

People hated me for myraid of reasons. ① because I am short, ② Don't like my name Prince ③ my nose, my feet too big or too small. If someone don't like my skin color, that their own personal problem. I had black people who criticize my skin shade-complexion. A black man didn't like me and resulted to physical hatred because a ~~friend~~ girl wanted an autograph copy of my rap record, total control, and set up by K.O. Nice see and find @ YouTube.com. He broke the record in hate.

I don't care if you like me or not. What raises concern is when you put your dislike, racism, etc in to violent actions.

I respect that people have there own beliefs, opinions, ideologies, ideas, etc. Some people worship the devil. You have a goddess of the moon. Some people cast voodoo spells.

The criminal system severely abused me, way before 1991, the year of the act I committed, out of emotional disturbance. The people of New York, and abroad ignored the injustice inflicted upon me and many others. This slavery and bondage, is limited, and the constitution is being nullified.

They judge me but they can not handle the abuse I went through in my life from my childhood to now as an adult. However, 88% of those who judge me would not be able to stay alive, not get stabbed, cut, raped, robbed, or not commit suicide, or hurt or kill, and remain same.

One portion of it is understanding people first prior to judging people in prison or anywhere. Another part is being either a false judge, or bad judge of character. Jail is no place for racism, esp not out loud. There's alot of inactive hidden racism, either secretively put into acts of some sorts, or the police practice racism.

The Correction's officers, Kick you in your face your ~~back~~, punch slap, break your arms, legs, smash your head in, and expect you to love em, and be like a Monica Lewinski in the white house to Bill. They then set people up with weapons, enhance there prison time, and you act as if that's a simple easy for act to follow. This is a culture. Also this is worst than a Nayo Nazi.

You expect me to be forgiving, I am, but I'm not the slow dumb deaf, and blind. You the ones who are unforgiving. I was oppressed deprived, dejected, neglected, and kicked while I was down, in the crack cocaine era, in the time of crime violence abuse of all kinds, even sex, in the time of HIV and aids.

Then you didn't even consider the hate people do. Black also hate like a ~~Nayo~~ ^{Ned} Nazi. Like I should give up and stab myself with an infective Aid, or Hep C Needle.

Its transferrable hate, cause it's past on to another person its learned.

Its pasted on like racism to a child, just like a language is pasted on.

Its not a color thing. Its a human nature thing. People hate is embedded in the way they treat you, how they judge you. They out cast you. e.g. "K. D. Nice, is wack, he fronting, fake etc so I am not playing his new song on air.

They act like I suppose to have a Stockholm effect by being robbed, set up with a weapon, beat on, man-handled etc.

I can get pass what others think about me. But when you have an opinion about me that I am soft, ass, butt, and P-Sy, and that your going to rob, extort, and punch me, stab me etc, because I am ugly, not a gangster, drug dealer etc Now your ~~imposing~~ forcing a culture on me. That's slavery. And when I do get pass it all, now the Government kick me in my back and out case me, like I am a nobody, and have no right, because I am "black, too short, ugly etc. That huffs and destroys

The People of the State of New York
Treat me as if I don't need any money,
I find children, wife, love or job etc. Also
as if the abuse does not hurt and has
no impact on my health and life. As if my
purpose in life is to be beat up, abused,
infest^{ed} with aids, poor, deprived etc.

I know for a proven fact that, most
Men can handle being completely
rejected by woman, not having no
children and not being loved. Most
would commit suicide, homicide, or
become a rapist or violate abuser,
who beats his lady's, and will be
on some strict fu a b. — staff.

The court nullified the constitution,
which allows slavery, and inflictions of
raising blacks into slaves, which is a
trend, and is ignored in New York.
Injustice - slavery anywhere is injustice
and slavery everywhere. I am seeking
help with my case. Doing nothing is
to co-sign the injustice
