

Let me share my personal story and experiences in the Corrupt Arizona Department of Corrections. Money over Human Rights and Basic human Compassion runs deep.

Lets start out by saying that "yes", I am a inmate who was Found guilty by Trial and was sent to prison as punishment, not for punishment. I would like to start out by stating a few things that made me start to think about all of this. Arizon State was sued by the Teachers' the Department of Education and won 392 or so million and one point 5 or 6 Billion dollars over the next 10 years because the Teachers and Children were Cheated out of money over the last 20 years or so. I am a 48 year old man who is some what Educated, a tax payer and a Business owner, with a few years of College, Trade school. So speaking of School, Arizona has been ranked 48 or 49 being the worst in the United States. What ever you do

Don't Believe anything you hear or see, "Check" the facts.

For At least 20 years ARIZONA Education has Been taking Huge money Cuts and The Department of Corrections has Been getting More Funding Every Year and now they are up to 1.6 Billion a year to line thier pocketts. This is the CORE of the Corrup-tion, taking Money From Education leaves our Children to go through life uneducated to Commit CRIME and end up in Pr'isions.

This is a multi-Billion dollar a year tax eating monster, it has a plan and does everything For a Reason "money"... Broken Families with uneducated Children means an endless supply of prison Slave labor For .25 cents an Hour, taking Business From small

local Businesses. "ARIZONA Prison Industries", "ARIZONA Corrections Industries" With Billions a year, ^{also with} State "Free" lawyers and lobbie-ests, who can stand up to the Prison Bullies? The ARIZONA

Republic News Paper Has Many Facts about This system

of Hate, Corruption, Sleeping guards while inmates get Raped or Killed,
 Prison guards Raping inmates, in Yuma Prison Staff was Raping Staff,
 Guards bringing in large amounts of Drugs in Tucson Prison complex and
 lets not forget The longest Prison Hostage Stand off in United States
 History "Buckeye" Arizona Prison Complex. We can write a book
 About Staff issues but lets keep on the "money". The law that
 was inacted around 1994 was called "Truth in Sentencing" that
 Law did All kinds of no good For the tax payers, But it passed
 Because of money it would make. Tough on Crime meant you pay
 more money to keep "non-violent inmates" For 85% of the time
 they have to be in Prison, The rest of the Country is 65% or
 less. They get to keep people longer to Tax you. With the Re-
 offending rate Between 80 to 90 percent in the first year
 of Release is a Huge win For Arizona Department of Corruption.

IN most Cases a person "Prisoner" left prison with a drug Habit due to Drugs Being Allowed to Be Brought into prisons. People are a product of thier enviornment, so lets ~~warehouse~~^{ware house} slave labor insted of Rehabilitating humans. Years ago a inmate would Receive \$100 For passing his OR Her G.E.D as an incentive, that was good Because the inmate ^{received} got Some Education and was able to Buy a 2# pair of Sweat pants For 20# and a 2# shirt For 15# or some food and coffee. Oh! We have not touched on the prison store "Keefe" yet, But now an inmate has To pay 100.00 to 200.00 dollars to take a Ged Class. Arizona is the last State to make thier State inmates do 85% of thier time, it is Also The last State Prison to Allow Tobacco use. People Die From tobacco, Speaking of Death, there have Been many inmates who have Died due to the lack of Medical treatment From Corizon Medical who Has Been Kicked out of All Federal prisons and most state prisons

due to their inability to care for humans but they are so cheap to hire,

That's why Arizona DOC has them. All forms of ^{existing} ~~existing~~ sexual books,

pictures and "music" has been removed, only to promote homo-~~sexual~~
~~sexual~~ ~~books~~ oob.

- Sexuality and inmate rapes. 2017 as The Keefe Company Re-

*news its contract again leaves inmates paying much more for

for items that are most ordered, some items are ^{50% more than regular costs} ~~over 50% more~~

For the tella marketing company here in Santa Rita Unit in

Tucson "Love marketing", "Home Town Heroes", "Veterans News Network"

and soon to be the "Veterans Network". It is also run by ACT

Arizona Corrections Industries ^{firm}. They have changed the name

of the company many times because they are using the "lie" of helping

our Veterans. So many Bad Reviews on Yelp, BBB and even to the State Officials, But he "Scott" is Being Protected. He pays \$14.00 an Hour to Arizona Doc per inmate, ~~per hour~~. Arizona Department of Corruption Keeps \$11.00 Per Hour, gives the inmate \$3.00 and Charges the inmate half for Room and Board on top of the money Tax payers pay them to keep us safe. 90 Hours every 2 weeks, no FDIC, State Tax, no workers Compensation, no Paid Federal Hollidays or Vacations. The inmate Phone System was 15\$ per call Home and it took a legat Battle to get it lowered to 4\$ Because Doc get 60% of That money as a Kick Back. WOW! MORE money taken From The Broken system That Creates Broken Families and uneducated Children. Making Money from the loss of inmates lifes due to A mistake made. IF the Corruption is this Bad, can you imagine the things we dont know about.
