RE: Mr. LaMonte McIntyre
Kc. Star 10/11/17

I've read a Series of articles
regarding the ^{*}wrongful conviction^{*}
of Mr. McIntyre -

I noted, there is ^{*}no mention
of his criminal Defense counsel -
at the original trial process -

There clearly, were horrid
deficiencies and absolutely a
un-constitutional level of
representation.

^{*}obviously^{*} deprivings of his
6th Amendment Rights -

As well As other Rights -

Clearly... This wrongfully
convicted fellow... should have
spent his "entire life" in
prison... had it not been for
the support group...
pursuit of Justice.
that took 23 yrs. -

Certainly... it Don't take a
Einstein to arrive at a
logical conclusion... that this
is not a "isolated" incident.
what about persons that are
wrongfully convicted... that
are without support groups...?
what about the intellectually
challenged people in our
society... that believe...
Just because the "police" say
it "makes" it true?

* What about the wrongfully
convicted that are the product
of un-constitutional and substandard
representation by counsel?

We can't remain "purposefully"
Blind...

The police all accross this
country ... have become a law
unto them selves.

The public defenders are ^{*}attorneys^{*}
to operate at a un-constitutional
level..

Those who fell out Criminal
Justice reform ... need only
to examine the representation
provided by the public defenders.

Attorneys are "allowed" to
represent at a un-constitutional
level.... In part due to the
^{*}Integrity Deficiencies^{*} within in
the State Bar Assoc &

Maintain representation levels
above un-constitutional.

The State Bar Assoc *watch Dogs*
are fast asleep -

Its become a frequent occurrence*
that motorists are shot dead -
The police justified -

We have police investigate
the police...

Thats the Equivalent of
Felon's investigating Felons
When Everybody's a skunk -
Nobody smells the stench -

Its no surprise that
DIA concede.. it become
a *exposure* to the
Scandalous prosecution -
And legal representation.

Defense attorneys "exploit" their
clients... in various ways.

The "health" of the Justice System
is IGNORED....

The massive "letting" of America
in large part is due to
absolute deficiencies in the
legal representation...

Its a fraud upon the tax
payers.

They pay for a service
not provided.

The Ks state Bar sure
has ^{not} come forward
to investigate the level of
representation Mc McIntyre
received.

Simply another form of an
approval of abuse.

* Condoned by Silence *

The law enforcement community
is aware of the representation
levels out of the Public Defenders
offices in their Jurisdictions.
This *allows* the citizens to
be abused...

They know there will be no
investigation - no protection
of Constitutional Rights..

The very attorney assigned
to protect your rights violates
them... And allows them to
be violated.

Criminal Justice reform... needs
to be addressed as fraud
upon the Tax payers

Mr. McIntyre 23 yrs
in prison cost the Tax
payer's Millions.

There are innocent persons
incarcerated... how can we
not know this?

Scientific proof exist: D.N.A

What about cases that do not
include D.N.A?

(The Tax payers oppose new
prisons).

200 Million to rebuild old
prison.

The population would be
substantially lower.. If the
State bar would enforce
a constitutional level of
representation.

Its a sad day in Society
when we "need" to police
the police... But do not
have the integrity to do so.

This "allows" the abuse of its
Citizens.

Its ^{*}not narrow, "only" to the
cost to tax payers for the
un-constitutional level of
representation.

Its putting innocent persons
in prison that cost tax
payers Millions.

Its a fraud by any measure
of the word.

* Sincerely *

A.P.W.A
