

Queer Man Down

Queer people trying to find their way in prison
queerling scared by being discovered by their
homelogs, staff, co-workers, etc. The writ Tom
on is so scary that they don't know how to
speak for themselves. This is too much of
a fraternity house. Latmos putting stick
into their facial features. Blacks being
the loudest, slandering the dominos forcing
them leave on another person. We call
this the booty bandit syndrome. I know
that Tom a pretty black male but oh my
God why are all the blacks staring me down.
Whites are scared to express themselves
around me. Interracial dating is sexy.
Some inmates have hated on me during
my 7 years because I have took a

stand to interracial date and bond.
I being the victim of queer bashing, sexual harassment
etc. I will be 35 April 23rd 2018. Why does
a queer like me deserve this type of hatred.
+HCT is behind the queer times. No rainbow
flag being displayed outside the unit or in the
departments.

Help me understand. They play the PETA videos
periodically yet they outlaw sex of any kind.
This is not a rehab center. Maybe in 20 years
things could shake up. Staff shortages
Queerlings still not having access to hormone
treatment, bras, etc. Every trans should have
access to their accessories. I feel like a trans
daily. Many straight guys in prison want a trans
for companionship. I see some that want
a guy that is rope closeted like them.
Do drag closeted people make a right?
I just want attention like Chuck Booth

would sing. John Lennon singing imagine
all the people living life in peace. As a queer
man down I want to imagine all of my
babies living their queer lives ~~even~~ they want
without fear. Christmas was last month.
we can't live a white life. Each day in
prison is an opportunity for me to get out.
I long the day to see my future partners
face. I don't have to wear white clothes, grey
socks, steel toed boots, a hard mattress and
eat out of the purina meal sop. Why do I
deserve it. Day of Country gravy, false
advertisement on the food they serve. Beef/
pork noodle casserole, beef stir fry, pepper
steak, They potato us to death.
Queer men jealous because someone is
better looking than they. Straight men
puts on a facade and says "I can't be
around you. I walk fast. Not many
queerlings can keep up the pace like I.
How can I ease the queer pain that I
go through as a prisoner. I write so
much to get my feelings out. Will
somebody hear me? Maybe theres a
queer latino, asian, white, or foreigner
that is going through a similar situation
such as I. Safekeeping not hearing
all queerlings. They say A queerling can't
automatically be placed in safekeeping.
What is the actual criteria? I been
denied twice. Rodrick Johnson filed
385 F3d 503 to prove a point. He was
a queer black like me and was taken
advantage of on the unit which Tom

at. The administration³ refused to do something because they thought they knew the answer. It's still the same song and dance in 2018. I want our queer community to be safe. I lost almost 30 lbs while incarcerated. I cut down on the food served in the chow hall. Off bond commissary at expensive prices. Why? Contract issues. Breed. Denial of eye drops, antifungal cream. They deem that necessary. What kind of medical department are we serving? no queer medical staff around. Medical is suppose to house LGBTQ staff. No LGBTQ wardens. If they are they are scared to come out of the closet in the workplace. TDCJ doesn't have queer counseling like the free world does. Most of it is mental health, mental health isn't solved. Suicide on Alford is at a high. We live in a don't care about or inmate society. Cruelty to inmates is the same as cruelty to animals. The birds flock to our campers and want to be fed like anyone else. I can't sleep in this mattress by myself. I want a queer of fortune. I want my queerness back. I am weary. I suffered enough. I am wanting to watch Cable TV, get on the Internet, write a book, do crossword puzzles, etc. A queer mind is a terrible thing to waste. What is our queer communities like across our nation? Trump wants to bankrupt all Obama and progressives worked for. Alabama did the right thing by electing a Democrat to the Senate. We need more like states. I am a Democrat. The more right wing I see, the more leftist I am. I want our queer country back.

will the Queens, Princes, Michael Jackson David
Bowie, David Cassidy, Mary Tyler Moore,
Ed Asner, Liberace, Bob & Dolores, Lucille
Ball, George Michael and the dead celebrity
society please be alive in our queer community
lets not keep them in the grave! Lets watch
their programming. Also lets boycott right
wing organizations.

Trump needs to leave office. There is no
queerling in the White House except Sen. Tammy
Baldwin of Wisconsin. We need more queerlings
to occupy the White House.
As I leave the world what before Tues Sept 1, 2020,
what will my queer life be like? I want it to be
somewhere over the rainbow way up high where
dreams really do come true. I suffered enough
cold/cough spells, heat exhaustions, peer pressure
theres no life here. I emphasize that my queer
life needs to come back.

I want to return to a queer church where
I can sing songs that are inclusive. I am tired
of Donald Trump using expletives to shoo people
away. Why did America vote for this douchebag.
Shame on you President Trump and your
administration. You all are covering up your
dirtiness. and enforcing this queer men Joseph
Orlando to remain in his closet. I refuse
Mr. President. During your 1st year in office
you never talked about HIV/AIDS. You are not
the only one in America. I am sure there is a queer
running around in the Trump family. You
making your white community uncomfortable
I marry a white man but not one like you.
As time for the queer community to protest
Trump. May 2018 be the year that progressives
take back the white house. Thank you I love you
Joseph Orlando
