Dear -
American Prison Writing Archive

Hello, and

I hope this correspondence finds you well.
About a month⁽¹⁾ ago I responded to
your invitation by mail regarding non-fiction
related to the prison system, (corruption) &
first-hand experience (MARK W. STILES UNIT).

About 1 week later I was expelled
from my college degree program, shipped
to a distant unit without a college, &
on the way there, I was assaulted.

Upon reporting the assault, utilizing the
"Safe-prisons" program - I was written
a major case for "causing a disturbance";
despite confirmation, and corrective actions
now pending due to my safety risks /
jeopardization.

I am not a trouble-maker, as far as my
behavior. I feel that these happenings are
a direct-result of my writings, to several
entities including ^(APWA) yours, & utilization
of the offender grievance policy - RETALIATION!

I am trying to write my novel; but, most
of my time is spent attempting to combat
T.D.C.S. & their corruption / retaliatory actions.

I'd like to write about this, but
to someone who will - actually assist in

Fixing the situation, it seems that not too many people care about what happens in prison until unfortunately, one-day - it affects them. This shouldn't have to happen!!

- I need an advocate - desperately!
- List of editors / publishers who entertain my non-fiction accounts - Law enforcement - something, please!
- And, a list of used book stores that cater to Texas prisons please!
- Address to the Marine Corps League, Luke Jackson, TX chpt.

I'm sorry if you find this correspondence to be a burden. "It is truly a sad day when the 'element of the assistance, towards a solution,' becomes more of the problem than those that they are paid to incarcerate, & encourage to rehabilitate."

Good Blessing
~~Brian C. Turner~~
Please Assist

I look forward to a timely & positive response.

Dear APWA,

Hello, and greetings to you, + your humble, praiseworthy-cause! May God-Bless you all. IF you will notice, the previous page is dated the 13th; this is because the staff here at this unit is refusing me the right to seal my media-correspondence. It's pretty much the same type of game here, just different tactics, + players, in regard to the M.W. Stiles unit, that I write about in our initial contact.

- I was served, + found guilty of another bogus charge written by the law librarian that also picks up + works with grievance investigations. Conflict of interest. This is not in her job description. She, upon reviewing the grievance I wrote regarding her incompetence, regarding bringing requested law-library materials to my segregated location - retaliated by writing me a major-charge for - "sexual misconduct," wow! I never have, + still don't get down like that.
- I have a gaping, infected hole in my tooth, which by policy qualifies as emergent care - they refuse treatment via their own written policy, grieved issue, still in pain!
- During the repeated assault I was kicked on the head etc. vision is a-blur, Head + Face, neck/Back ache - I'm given Ibuprofen, that is in totality their remedy for resolution, and relief. Grieved, to no avail.

In short I am in transit status, pending transfer due to the validation of my offender protection investigation due to the assault that occurred, in transit to this location.

Mind you, I was at the prior unit (stiles) for safety issues - moved due to my acting within my rights to utilize grievance procedure, and, petition courts etc, without fear of retaliation.

I am being held in administrative segregation & being harassed, and harrassed with major disciplinary cases to minimize their lack of appropriate action regarding the assault, and as well for my writing your institution, congress, & utilization of the offense grievance procedure. These cases jeopardize my safety further as it endangers my life by surrounding me with other offenders that have little or no respect for human life other than their own, and this I believe, is their goal, further endangering my life.

I have been requesting safe-prisons, prea, life-endangerment officers & paperwork to file for over a week this time, no response yet - retaliation - & Reckless Endangerment.

(work)

Please feel free to share my story with anyone that may benefit, or may offer assistance. I am alone without advocacy, as they are exploiting this fact.

- I would love to hear more details about your school, & your goal, & mission of the APWA.
- Info. on cost of copyright, and patting works & intellectual properties.
- Look I am in dire need of contacting someone that could possibly help me. There are some of my FB friends & family - I need one of them to intercede on my behalf, they don't know that I'm here. Jonathan Isakella - CANADA, 34 yrs old (need addresses)
- Keith Leal - Radio 173 Houston, TX - Stephanie Salen Cousin Refugio TX
- Fred De La Garza Fred Houston, TX - ~~Tim GAGE~~ Tina Gascia Refugio, TX
- Peewee Griffin - Waco, TX - Becky Rodriguez ~~Ref~~ Woodsboro, TX
- Friend works in Dubai Weylon Townes 13F Houston/Lake Jackson TX

I know that these requests are troubling, but ⁽³⁾
as a fellow college student, & just plain ³⁰⁸²⁴
Human-being, I need someone to advocate
for me on the outside before these folks
harm me, or let some other people harm
me inside these walls; please assist, &
Rest assured that I stand behind these
reported Facts 100%, these are not meritless
accusations. Thank you for your time, and
consideration, please do not dismiss or delay.

P.S.) Lamar State College, passing out degrees for funts, to
include Federal Pell-grants to inmates that sleep, &
put forth no-effort towards an "empty" degree,
has decided not to pay me for my award winning
Essays that they published in their "2018 Expressions"
Literary Magazine, 1) The Why Factor, 2) Command + Commerce,
3) Gone Girl - book review 4) I Am - poem.
The timing seems to be too coincidental, I wrote their
accreditation agency as well, shortly before I was shipped.
