If We Forget That "We" Are One Nation Under God Then "We" Will Be A Nation Gone Under. And Such Powerful Quote From Ronald Reagan Is True. My Reasons To Stand Firm On Such Quote Is Because Georgia Political Views, All Its Interest On Capitalism And Not Real Rehabilitation, And Of Course Georgia Politician's With The Georgia Department Of Correction Would Strongly Disagree With My Views Due To The Fact They Have Classes Like Anger Management, Motivation For Change, Celebrate Recovery, New Beginnings, Thanking For A Change, True Measure Of A Man, GED Classes, Which I Myself Have Took Mostly All Of Them And I'm A Facilitator For Three Of These Programs I've Mention In This Article Titled "Higher Education". Including An Outstanding Core Of Volunteer's And A True God Fearing Chaplain Including A Very, I Mean A Very Small Group Of Officers, Unit Managers, Case Managers And Two Out Of Five On The Parole Board's That Will Truly Understand And Agree That Georgia's Prison System Needs Real Rehabilitation In Its System. Because What They Are Offering Now Clearly Shows It's Not Enough And There 30% Recidivist Rate Shows It Clearly. Doing My Experience Of Incarceration I've Come Across Plenty Men Back On There Fifth Or Six Trip Back To Jail Town, And It Really Didn't Hit Home Until A Man At Smith State Prison Talked To Me About His Charges Because We're Both Sex Offenders He Stated To Me Out Of His Own Mouth Bro I Don't Know Why They Are Letting Me Go, After Ten Years All I'm Going To Do Is Grab Another Little Boy Or Girl, He Was Crying Out While Other's Viewed It As A Sick Man That Need Killing But Me Being Me I Look At The Bigger Picture. My Mind Is Universal I Look At The Whole Picture And Not The Small Minded Pie.

Yea He Took All His classes That He Was Recommend To Take, One Of Them Was SOPP, (Sex Offender Psycho Educational Program, And Substance Abuse As well But Such Illness Was Still Rooted Deep Inside Of Him And Such Case Isn't Just Sexual Offense Also Drug Offenses Arm Robberies, Aggravated Assaults And So On, These Charges All Carry The Same Element And That's A Mental Disorder. You See Georgia Of Department Of Corrections Thrives On The Same Effects Of The Lock'em Up Throw Away The Key And Keep These Animals In Cages Where They Belong While Treating Them As They Are, From The Wayne Gardner And Zill Miller Syndrome But With A New Era Twist With Camouflaged Education With Programs That Really Teach You How To Obey But Yet You Can't Crawl While They, Expecting You To Walk. Due To The Fact They Want You To Have Education Rather Than Knowledge, You Know Both Words Aren't The Same, You See Education Is Only A Field Of Studies Dealing With Methods Of Just Learning From A Institution Which Can Help Change A Mind From A Criminal To A Re-Born Citizen From An Educational Stand Point, But When You Look At The Word Knowledge It Means A Fact Of Being Aware Of Something You Learned And Its Understood Which Makes Such Education To Be Complicated Which Is The Key Recipe For Rehabilitation. I've Witness With My Own Eyes How Georgia Department Of Correction Hire A Employee That Has A Degree In Drug -N- Alcohol And They Was Once A Drug user so There Experience On Substance Abuse Would Help Deeply For Those Who Need To Take Such Program But Yet Their Duties For The Department Of Correction Are For The Rec Yard Another Real Example The Sex Offender Psycho Educational Class I Had To Take Was A Blessing Due To The Fact The Instructor Who Taught The Class Had A Real Live Experience When False Claims Was Accused Against Them But The Only Reason They Didn't Get Charged Because The Victim Didn't Want To Lie On A Person Who Never Touched Them, So That Experience Showed Them That At Times Claims Of Sexual Abuse Could Be False And Through Such Experience They Also Can Determine A Lie A Mile Away And They Have On Many Times In Class They Would Always State, Tell The Truth Admit If You Have A Problem That's The Only Way You Can Start Making A Change, And Become A Better Person.

There Words Displayed Passion That Clearly Wanted You To Change If It Was In You, And It Was That Person, The 12 step Guide I Received From SAA Out Of California, CURE Out Of Washington D.C And Other Information I Received Out Of New York Over The Years That Taught Me What Real Rehabilitation Was. I Even Researched On San Quinten State Prison In California And Discovered How The Do Gooders In Marin County Volunteer's Support And Help Inmates To Better Them Selves Through Real Rehabilitation Because They Care About Human's Regardless Your Race, Religion Or Crime That Was Committed. 50

They understand that real rehabilitation can and will not only contribute to the community but also help make it a better and safer place from understanding that "All" fall short at some point in their life and what ever experience you went through was really for some one else who will need such help some day. Even your darkest secret. I've experienced real conversations from gang members, killers and molesters who told me out of their own mouth their father, mother, teacher even a pastor taught them how to have sex. They told me these things because I don't believe in lying about my case. I've been charged with aggravated child molestation, rape, incest and child molestation but the truth of the matter is all that happened was my step daughter and her brother witnessed their mother and I having sex in the bath room. Years ago I was up set with my wife, the courts for all lies however self checking and the help I received out side of Georgia what made my rehabilitation work and accept my own faults my wife didn't catch me with my gigolo life pleaseing married couples as they wish veg husband and wife that was my passion my dark secret that finally had to come to light. I made a vow and broke it that woman didn't deserve her heart to be broken, those kidz needed a real father in their life and its clear my actions caused me to get caught up on a sexual offense I came to reality from outside help not Georgia Department of Corrections and its sad to say but true with the exception of that one teacher in the SOPP class other then that

you warehoused all day being a dorm orderly while its little macment other then that "we" just look at each other all day with nothing to do while one apple spoils a bunch, they see who's the problem but yet blame the whole dorm for some one else error, this is all day every day on top of that while your in the system of Georgia and you've done over ten years of taken what little classes they offer from some one thats really not qualified to teach but they have the basic skills to make it do while lacking real communication skills, ah inmate suffers to complete that class to make parole but when your P.E.D comes around or your T.P.M IF you have a violent charge or a life sentence with parole they tell you "and quote do to the nature of your crime you have to do 5 to 6 more years or do 3 more years but when I comes up your denied now I can see if you raped or stabbed someone in prison a assault on a officer then thats understand able even fail a drug test over and over again but something like a simple fight were no one is seriously hurt, why violate such person on parole. Remember, all we do is sit in a ware house looking stupid at each other all day. Thats why so many things I disbelive in Christianity because so many in this Bible Belt South claiming to be Christ like on Sunday but yet God isn't shown through there actions when it comes to real rehabilitation unless its one of there own.

But then again Jesus says He's the Mourning Star in Rev 22:16 which states in KJV "I Jesus have sent mine angel to testify unto you these things in churches, I am the root and the off spring of David, and the bright morning star" However through in depth research, Jesus is the Lamb, the truth the light but once I start studying Greek and Latin words that ties back to the original Aramaic language it showed proof that Jesus (real name Yahshua) spoke Galilean A dialect from Aramaic (Hebrew) the more I research I also discovered that Tammuz was the son of Ishtar (Greek name Mary) and Dammuzi; Greek name Take A wild guess? There son Jesus was also called Horus which all of these names ties to a disagreeable who they called from the Greek word Arnon meaning Lamb. Rev 17:14 which shows Tammuz was originally a disagreeable mourning star that converted to agreeable while the KJV and other revised Bibles display that Satan is the Mourning Star because they refuse to interpret the true meaning of the messiah they refuse to accept the language the scriptures were originally revealed in Aramaic (Hebrew) Ashuric (Syriac) Arabic which is one in the same so they contradict there words from leper ways just to refuse the truth with lies while forcing human's to accept what they say by all means.

But What That Has To Do With "Higher Education"? Everything There Only Purpose Is Capitalism While Flexing Rehabilitation When You Look At Defy Institute And The Work They Do To Help Offenders That Real Rehabilitation, When You Use Your Powerful Political Views Only On A Conservative Stand Point While Disregarding Whats Right But Your Tradition Stands Firm On The Wrongs That's Been Done For So Long You Will Never See, Real Rehabilitation It Doseent Matter If Its Republican Or Demacrate, Liberal Or Conservative Georgia Department Has fell To Truly Rehabilitate Inmates As A Whole. There're So Many Powerful Smart Educated And Knowledge Combined With Great Wisdom In Georgia That's In The Georgia Department of Corrections That can Change This Within A Matter Of No More Then Two Years Tops However Jubelo Attacked Hiram At The West Gate And Struck Him With A 24-Inch Gauge Hiram, Wounded And Trying To Escape Ran To The South Gate Where Jubelo Struck Him Across The Neck With The Square And Finally Hiram Ran East Was Attacked By Jubelum At The East Gate And Hit Him With The Fatal Blow In The Head With A Setting Maul. So, So Many Call on Jesus Allah Almighty God Looking At walls The Ceiling Crying out for Help While The Public Are Also Lead A stray While Georgia Department of Corrections spread Its Eclectic Fruits so smooth They can't catch The Aloof Of The Dark Savings That They Clearly State With There Actions That There only Gold Is Capitalism On My Personal Rehabilitation That Was Again Through The Help of California, New York And Washinton D.C Clearly Shows Me That I need To Be Where Help Is Not only welcome But I'm Also surrounded By Real "Humans with Agreeable Ways That Will Help Me help My self." Georgia Will Never Change And I Honestly Respect That And Accept It As well. But It Dosent Make It Right, It Dosent Mean Its Right But So Many Accept It Not Me!! NEVER!!

Which Is Why Such Truth That's Told From My Real Experience In This System of Georgia Showed Me How Important Rehabilitation Is While Finding Your Purpose In Life Just To Be A Blessing To Others Who Will Need It In The Future so It Evident That Higher Education Is Greatly Needed That complys With Knowledge of Self These Are My Daily Experience's In Georgia Department of Corrections
