(OR) "JUST ANOTHER STORY ON HOW DPS SHOWS NO RESPECT FOR LIFE"

"JUST ANOTHER STORY THAT SHOWS THE LACK OF RESPECT DPS HAS FOR LIFE"

Hi, I'm Mack Litteral Bringing Prison News Un-Edited By Any State Official. This essay is No different than any of my other True stories on how these state Prisons Treat Human Beings. But an Touching Base with How they Treat Animals for Large Profits with-out ANY concern of Living Rights that God Put on this earth! For some un-thinkable Reason these People who run DPS. Thinks That Animals Belong in Cages and could care-less about these Live, Air Breathing Animals can still Produce what's needed for man kind with-out these cruel Acts! Un-wanted Jobs are placed on us offenders to commit these animals cruelty Acts; Daily for 17-26t an hour.

I Truely Fill strongly That these people who's responsible for Caging 3-5 Laying Hens in a very small Cage. Built with feeder's in these cages. They Have to Fight over food-water, and who's going to be shits & pissed on By one ANOTHER? Hens sit on each others Backs causing Broken Wings Hips IT Doesn't Take Long! Each day some are Lost, Crippled to the point they will be taking out and put into another Cage By them selves. Trying to feed those weak and almost Dead; Because

Those who's NOT ABLE to Fight for food to survive they will have a chance to heal for a couple of days and get stronger to Lay Eggs, Again, or will be fertilizer or a inmates Dinner. Which Happens! But are Tuff because of these foods that are feed to them, Makes them Lay one or two eggs a day. The state has three Chicken Houses Here in Tillery, N.C. Which Holds about 12000 Laying Hens, Also Called The Farm.

Here at Caledonia Prison #3305 which is where I am housed
But Not Even a Mile from us, There Sister a (Brown Clothes Camp)
They also forced to labor at 17-26¢ an hour and some like me
only get 40¢ a day. I my-self could work for 2 dollars a week or do like
my-self, pulling Day for Day with-out any good days, If I Worked I wouldn't
Be Able To send Prison News to 9 web-sites some with magazines,
zines, or News Prints. They've Already Taken 38 days from me Because
I wouldn't work in the Kitchen with a Broken Thumb.

This is another reason why I provide Prison News from inside
these walls. I neither have any help from the outside to help deal with
this hardship. I'm Inigent and do with-out Snacks, good Hygiene Products
Just to let the Public see what I see every day. This isn't Easy on
me doing what I do. I Re-live this life-style over and over just to TELL IT!
Just Writing these Letters I might have to Even Trade My Sandwich off
my Tray for a stamped envelope.

Or Even Draw a skull for some-one's dream Ta-Too! But it's Worth,
all these thousands of hours I've put INTO IT TO EXPOSE DPS Actions!
The staff members at these state Prisons called DPS that put these
Animals in these wire cages on each others backs, Belongs in cages themselves.
Now for the Hen's that make it for 18 months, Now are sold for large profits
once more. They become dog-food, feathers, bones, Gans, Butts are all
Grinded up and then Labeled. The Cruelty Never stops since the time
they were chicks, suffering because on top of one another
until there last breath which is also taken! This is how they
do that and More!

These Hens are shoved INTO A Box THE SIZE OF A BOX THAT A BICYCLE would come in (Narrow) THEN CRAMMED INTO THESE NARROW BOXES UNTIL YOU CAN'T PUT NO MORE IN. THEN A TANK IS HOOD UP WHERE IT TAKES THE OXYGEN OUT WHERE THEY SUFFOCATE TO DEATH, WELL MOST! NOW US OFFENDERS ARE NOW ORDERED TO TAKE THESE ANIMALS OUT MOST LIFE-LESS BUT SOME HOW YOU'LL STILL SEE SOME WHO NOW ARE RUNNING FOR THERE LIVES INSIDE A CHICKEN HOUSE.

Some are grabbed by their heads some by there feet where there BOUTHEY STRUCK AGAINST A POLE AND EVEN THE GROUND. NOW THIS SICK PROCESS ALL OVER AGAIN CALLED ANIMALS CRUELTY FOR LARGE PROFITS OR OTHER WORDS JUST DON'T GIVE A DAM HOW ANY ANIMAL LIVES OR BREATHS!
