

Amerikkka's Death Tombs

"We must not allow repression to make cowards of us. We must continue to organize for our National Liberation..." - The text of Founding statement of the New Afrikan People's Organization

Amerikkka's death tombs in which I define as "Prison's" is the worse place on earth, with over 2 million people incarcerated. Prison doesn't "correct" a person it "corrupts" a people. Prisoners promote ~~rehabilitation~~ rehabilitation but yet there is none. A people with no rehabilitation what you expect to happen? Aniamalism.

In a prison setting you have thousands fenced in from various backgrounds. The prisoners of these Federal and State institutions, promote homosexuality, violence, crime and terror. Here in the South Carolina Department of Corrections ("SCDC"), the law makers passed Senate Bill S0156. This Bill gives prisoners authority to add 3 years to a prisoner sentence for possession of a cellular phone.

These death tombs is no different from slave plantations, everything about prison is symbolic to slavery. Allow me to elaborate on what I am meaning:

Prison Intake: When you enter prison you are strip of all forms of American society.

Prison I.d Number: Your six digit prisoner number is the same as the slave auction number that was branded on slaves.

Dorms/Units: Prisoners are housed together in units with cellmates, these cells are too small to share with another prisoner. In these cells there are bunk beds, thin mattresses, a desk, sink, toilet and four walls.

Food: The Prison Food is always inadequate the food is processed and do not meet daily calorie intake.

Medical Services: The medical department is always negligent and deliberant indifferent to Prisoners medical needs.

Facility Management: Ventilation is very poor Prisoners are dying from what we inhale. Herpes C is very high due to this.

House Niggers: Prisoners are willing to do anything to please Prisoncrats such as: work, snitch, surrender etc.

Rebellions: Many Prisoners organize themselves to physically challenge these Prisoncrats.

Prisoner Violence: With no rehabilitation and no hope there will always be war amongst Prisoners.

Segregation: If you are against the system or violate Prison rules you will be isolated from General Population.

Here's more Truth on this subject.
