Crazy Larry Whitecell

yea I call my self that you see I'm self
made you all know about the Millionaire's
club's the top 1% club well wait what about
the King It's late I'm alone in my cell only
cause I wore my cellie out today on the yard
talking yea I talk a lot of sh~~it~~ But my
pops always told me "Don't ever spit out a
check with your mouth that your ass isn't
willing to cash so as I sit and write this
late in the evening I know It's 3 o'clock
Some where I know It's Day light on the
other side of the Earth so why is every one
so stressed out why are these sickos the
Doctors always trying to heal me? Am I not
ill? or am I? What do I suffer from a
Language Barrier or was I just labeled
a criminal and a psycho path and thrown
away at 52 to spend the next 21 years in
prison for my mental Break Down well if
you wish to call flipping someone off a
Major Crime, you see today I received my
appeal from my attorney appointed by the
State seems the lawyer didn't find any points
of appealable law and sent the whole 2
Books worth of transcripts to the court
to let the appellate court decide for it
self well that's good cause It's like old
Mama Ifar Mel Brooks said in History of
the World part II "It's good to be the King"
Funny how god works It's like I could
sit hear and go into all this quoting of
scripture and the Bible said this and the

2)

Good news is that, But the truth heart
The Spirit of God The Natural Man Does
Not nor will Not ever understand that is
Enough said as we sit back and watch the
State of our country fall into civil war, its
crazy how so many people just stand around
like there's nothing left to do they are in a
men's maximum state prison and most on this
yard or "snake pit" are labeled with a design-
ation of E.O.P. enhanced out parents, its like
if you're mentally ill but you could be one
or the other, just coming in or on your
way out its funny if you try to make
sense of it all you kinda have to be well
versed cause if you're not on the ball these
people are very penny wise and vindictive
they will use taxpayer money to the
extreme to inundate you with paper work
to keep the truth from rearing its ugly head
well we in prison know that corruption
exists and ~~still~~ although not everyone is
a gangster nor a pig out. Some men
as well can be very pleasant to be in
contact with others well lets just say I
try to avoid at all costs its laughable
how some will call me a j-cat, that in
california is meant as an insult in the
mental health world in prison, when
you sign up most men that's the keddbe
I calling me pot black so to speak I'd
get to more of the prison conditions
here at hand but this is a little
slice of heaven carved out for me I'm not
one to brag but I'm famous! you all
may not know me but god does! that makes

Me a Double threat then you through in My
 conceit And My good looks "wink wink"
 after all The Fights And Stiches and
 Bares I guess They add character to My face
 Well a little Bit of humility at this point
 would be fair, I will say this today was
 a wonderful day first off I woke up I
 had made it another night So I got up
 and read I am and was Greatful to day
 for all that even in prison I have from
 Running water to Soap I dont have any thing
 entertainment wise like a t.v. that was
 stolen by the Correctional Staff at Los Angeles
 County prison I dont know if I can say that
 if you all want the truth I would give
 names to But I know talking about someone
 in the first person when they are not present
 only leads to hearsay yet it is good enough
 to convict us as prisoners as far as the
 Burden of proof Always lands on us to
 Prove ~~Proof~~ our innocents once charged with
 a Rules violation So if some one has a
 Bad day like there party or BBQ didn't go well
 on the weekend say I said people had one to many
 well we know if you know as a Man in long
 Term Recovery that as a addict or a Man with
 a ill ~~ness~~ it can never be cured it can how-
 ever be arrested and you may begin to recover
 once you give yourself a break in a place
 such as prison men and there Bad behavior
 is encouraged since now more than ever it creates
 job security for those employed in this penal
 system since a guard or staff member are all
 union employees from the state and dont
 you know once you are in this system it

Becomes harder and harder to Escape everyday
 life on prison life terms, a prisoner is here
 7 days a week 24 Hours a Day O.K. yea If you
 are quite guilty of your crime a Real man Fesses up
 and receives his punishment yet If you don't even
 through yourself on the mercy of the court at least
 where Do you Stand with God well I ask myself
 Am Not perfect either yet I Understand the world
 is Sick so as a Man of God a preemake people
 Profess they wish peace yet I Said preemake
 I work Diligently Daily with My hands and use
 them for the talent that My Lord has Blessed me
 with I could make lots of things I've been a Creator
 my whole life when I was a young man I had
 a Soldier's attitude and a warrior's heart, today
 I'm Still a Soldier's warrior a Real Man a peace
 ful warrior all the day long I find Myself I'm
 In Search of? Anything and Everything to Create
 to be that person the one, a One a Single a Man
 One with The Maker of the Universe the Almighty
 God wishes me as a Man to be like him,
 Therefore How can I Say I respect Some one or Some
 thing when even My God professes " God is No
 Respector of persons oh yea people Run around
 to and fro here and their Jording over each other
 with their Authority If you give Anyone Free Reign
 Soon rather their later Autocracy Becomes their Main
 focus, because they have a Mental Break for when
 ever God is not given Credit for every thing you
 If aware will Begin to See the exact Nature of
 Said individual and there Debased mind set a
 Sick world you cant have Sick people trying
 to Nurse Back to health Sick people as I try
 to figure out why I must be subjected to being
 taught or Re-Educated How to live, when It was

● all taught to me in my youth Elvis Kenner,
 Elvis presley, Willy and the Boys outlaw
 country Keep on Trucking, Ma Ma Dred,
 Johnny Cash ect. Music art. History and
 lets not forget War, yea it at this point
 in life when most are thinking about Semi-
 Retirement or Settling down It seems the pice is
 picking up for me My pain from the public
 Humiliation the false acusations the lies and
 Rumor's told The old story that goes if I had
 a Dime for every time some one said something
 about me I'd be a Rich Man, well It would
 Depend on How you Percive wealth I have Read
 a pvice some ~~time~~ times walks white the Slave
 Rides the Horse, all these Mantras all these
 Sayings these things keep me going Day to
 day I read a Disclosure Form yesterday It
 had a ~~Final~~ Financial and personal History
 and assets ect. ever thing was Marked Unkn
 Unknown, except last known Residence it had
 said None! The final eraser was my Social
 Security Number It had been captured in open
 court in of all places the Desert of Los
 Angeles California Read By the D.A. in
 open court Now part of the Record the Reason
 I figure unlike the president of the United
 States of America and the House and congress
 wanting Mr. Trump's tax Returns, Im all in
 like poker even if gambling is for fools
 if I hold the Trump card I might just
 ● Be yea Crazy Be the Best, Be all I
 can Be. I will Be the guy the one
 everyone points there finger at! like a

Bad quote from a good cult movie
 "Every one has to have a Bad guy" Some one
 to point their fingers at! There's the Bad

 others lies and mistreatments of the prisoners
 the corruptable the corrupt / those are the
 ones the ones that are falling the ones
 that their integrity is in line with
 future events that must soon take place
 like a house of cards Blown down in the
 wind I wait I am patient my life it is
 Now as always in the hand of the Almighty
 God I go No where I do nothing with out
 first consulting with My God, to say where
 I'll be tomorrow I make no plans My De-
 fence, My gifts from God Common sense
 also My Name Common My Service & Except-
 anal, I see so many wounds Unhealed and so much
 Pain every where I turn it's a zombie movie
 in live action or Real time I'm stuck in a
 Night mare and can't wake up I'm Not In Hell
 I'm just surrounded by everything I'm Not
 about yet subjected to it. seems like a
 Human Zoo the prison guards Zoo Keepers the
 mental and medical staff ~~Veterinarians~~
 Veterinarians this

Is My world a Chemical war, Spiritual warfare, Mental illness a pond I wait for
 the still of the night for silence to be able to have some peace my joy if I wake

 complete failure yesterday's "Real News"
 4000 Homeless Mentally ill on the street in San Francisco, what are they going to
 do? Start filling the county jail's it's

at crisis level the opioid drugs and Fentanyl
 Have caused a upheaval even in the Under-
 world No one is safe Complete obedience and
 and abstinence is the only way to keep from
 being condemned with some kind of virus in
 this place those foolish enough to keep
 on in old behavior well the result is
 the same jails institutions and finally
 death those that died at the prison's
 of over doses and hot spots cause they were
 out of sync with the social structure of there
 class or race they were running and finally
 got caught up and there number pulled
