7:05 AM 8-23-19 cell door opens like a
Rat in a cage it's feeding time I'm right out
Side the Medical pill line window so I see
everyone everyday that comes in and out of the
E.O.P. Unit Here at the prison a "Snake pit"
If you ever Read or Study the Dictionary that
has become the 'word of the Day' according to
The American Heritage Collegic Addition of
Collage Knowledge Dictionaries go's a Snake pit is
defined as: a Mental facility we here at the creek
well @ least ~~me~~ I can't speak for anyone else but
we think of this place as the Grace lands of Prisons as
far as that go's for the Donkeys that show selves
classify themselves as failures in life, they will go
to work and love it. For pennies a Day you get a
hour in Lancaster State prison on the yard crew that
was my pay 80 hours a Month minus the 3.20 + ad-
ministration fees I had after my fine imposed by
the court about 2.50 some thing left wow for 80 hours
talk about SLAVE LABOR and a 3rd world Nation I well
If you ever been on a yard in a California
Prison especially a level 3 or 4 270 Design you

would understand when I say Shit Hole Nation
 Their isn't a blade of grass To Be found anywhere, But
 If you consist of weeds grass well there are plenty of
 those, the yard crew will make a Big Show To Cut
 them when ever a Big wig Shows up To investigate or
 witness things that inmates complain about But
 unless you are here 24/7 all 3 Shifts all 7 days
 in a week and 30 in the Month you cant and
 wont understand the way things are Run in a Maximum
 Security prison, Mental Health Facility, you have to understand
 that just Because you may suffer From a Mental illness
 Doesnot excuse you from punishment if you commit
 a crime the fact of the matter is did you realize you
 were so called crazy? are you a crazy person do you
 have any mental problems or are you just a Dope
 Friend that wanted to kill your self cause you dont
 get your way so your gonna show them the c/os
 By trying ~~OR~~ saying your gonna kill your self so
 you can get something By manipulation of the
 Staff I see if you have issues then if you do
 handle your Business it dont take a tough guy to
 Pull the trigger yet I see youngsters younger then my
 Son tryin to take over a world that they are not
 Ready to take, me Im a No body So I was walking to
 Chow By myself when I here over the loud speaker
 P.A. System on the yard, "you inmates standing out
 side of work exchange" "get to work" as I Passed
 By I looked at how everyone was almost proud or
 excited to be working. I thought to my self wow they
 can some day work up to a Dollar or 50 a Day so being
 a Smart ass jokester that I am I had to explain
 To them as I past to chow that everyone there could
 Have had a career at Mc. Donalds and Beer Manager
 By Now instead tryin to take extra food left over from
 the kitchen cause in your mind your endlessly Hungry

It's a Sabbath Day So I'm Reflecting ~~it's~~
 9:30 pm I start my Dayz early 3:00 am to
 4:30 6 Days a week on the Sabbath
 around 5:00 am have to Shink out side the
 Box! like I was Raised "jack in the box" Tacos
 only 99¢ over 40+ years Now as far as I can
 Remember, their a little white Trashy If you
 find them in a Dumpster and eat them cold
 But their Still good even If you have to Buy
 them Just Thinking Back 10 years Now or So
 @ Medication call Tonight looking into the
 Trash I found a coin of a apple as I was
 Discovering these Fruits of the Spirit oh there
 is a Mustard packet as I search for it the
 C/o calls out to me WHITECELL get out of
 the Trash yea O.K. I'm a SCAVENGER lookd
 I reply a Sealed packet of Mustard Now I have
 something to go with my cold chicken and
 Bread and I have Running Water in my cell
 So someone isn't Starving tonight on Lock-
 Down, yea the C/o's around here and alot of
 the inmates think you crazy? well Shello
 I thought thats what you all said I was?
 So Now what am your chimp Suppose to
 Fall into line and alloy asudden Start taking
 orders from some twentysomething ex-soldiers
 that did one or 2 tours in Iraq or some
 where else while Im locked up for 21 years
 at 52 for Nothing More than sign language
 Reminds me of the Movie The Beach where
 Leonardo DeCaprio uses the Fuct J-shirt
 left behind, at the Hostel for him that
 was Slicks and companys ex-Fuct Design

which If anyone were to do their Do dilly dilly Dilligence find out that old Dary Whitecell was Part of that whole crew in Los Angeles in the 90's late 80's heck I even Remember the first Day My parole officer came into My tattoo palace in Hollywood as if to suprise me @ work when Robert Pastorele was waiting for my Partner Mark M. at the Studio and the Fool was Star Struck as soon as he seen Robert, I mean he started flipping out, like he was in the presence of Jesus Christ himself or something he started to become Unbalanced and all thoughts about me and My job and why I carried a Beeper in those Days Right? came to a ~~hell~~ huddt and he exclaimed Im gonna go ask him for his Autograph, I Smiled and told the Dumb ass parole officer No your Not That's My Bosses Friend Dont you Dare. This isnt the time or Place to be asking for shit from people in our Studio who have nothing to do with me / you came here to visit me you see Im working and back then about 1989 I was in the middle of Building Sets of Needles and companations for the Day It isnt like today when you can just call up and order a Box of pre-sterial hand made one time use 50 in la Box for like 10-12 Bucks wholesale Back in 89 we Made everything still by hand and did our own inhouse Sterialization Now a Days that is ventually appselete from the days of John & Balizate Getty as well as Estel the Getty Family to the Barrymores little Drew and everlast of House of pam to Mike Ness of Socially Distorted Music hell be the Angel that sings Capt Dany

Crazy! while the whole world is cracking up like a Bad Air plane or some Orwellian fore told Story of the future to come, Remember if you for get your past you will be condemned to Repeat it! And most likely all of its Mistakes! also Remember just as Anger can consume a man, It can only do so if that man allows it too. Most of the time I Spend training, training for my Survival, I train to win I am a winner, even when I lose, I may have lost But I did not fail to try to win, So I am not a failure my father the Almighty god Does Not allow me to fail, there are no failures in life people! only chapters in learning like a wise man once said in the time of the Ancients, How long will you you Simple ones love your Simple ways? How long will mockers delight in Mockery and fools hate Knowledge? well we know that we must Keep it Simple Stupid's K.I.S.S. U.S. ARMY, If we have learned anything S.N.A.F.U.A.U. Always Remembering to Be grateful for what I have Not thinking about what I don't have or Be a Begger and Make people Hate Me If a person is Not a cheerful giver or Never had anything to give and in prison he is Blessed with a job that pays 30-100

Bucks a month he is almost counted among the rich among the pennie pinchers. If he is wealthy he has outside support. And is counted among the few after 20-30 40 years. Some men just give up and become weak and submit to the young the youth although may have the strength? But do they have the mental capacity to draw on that body in the time of need to go the distance to always be prepared. I see few / yet I am beginning to see more & feel a presence surrounding me & become stronger each day. The intelligence I gather while at yard the haters, the lovers, the war on the battle field. In full view of my eyes I can't help but chime in with a theme song like the "O.S." J.V. Show "old school" or "old S.W.A.T." Maybe "The Streets of San Francisco" Starting "Michael Douglas" The names and places have been changed to protect the innocent, just remember just like special weapons of war tactics can be also used with out ever firing one round of ammo, a pen is mightier than a sword, and the kid David chucked rocks from a sling to slay a giant and become king here you will see even kings eat with their subjects at the

Time of war! you see in prison especial
 here being PROVOST USMC of psychiatry
 these smart peoples forget to remember that
 while they hide there words with latin or
 greek or Hebrew etc. I'll still be here proaget-
 ing there false Doctrines to expose them
 for what they are as I so often here
 grown men cry out for help most of the
 time it is the ones that need it I'll
 assit the rest are cottaled by the Staff
 and taken to crisis Bed or Suicide watch
 only to come back to talk about how good
 the food is and if they dont get their
 way they can always go suicidal for better
 food, then they complain about their
 Property cause they rolled it up in the Unit
 Not knowing if they will return, Unlike
 old Dany here I went to the Medical
 Hospital and was hurrassed over the 4th
 of July Holiday by Man! That's all just
 like my Bible says what else can Man
 do to me? when I injured myself running
 exercising. yet being accused basically of
 being a crazy Drug addict yet. I am the
 one that expressed that I used Methu
 in the early days of my youth and only
 a few times since and am a member

C/o Dany Whitecell

of N/A, for many years since the late
 90s and have over 6 years clean & sober
 now as well as many years as a man
 of God who has his faults yet I am a
 nobody but I'll tell you this somebody
 loves me since most every where I go I
 have to remember just like I said
 all eyes on me / I am true to the game
 and believe that a man in this world
 has 2 things his name, and his reputation
 (Proverbs 22:1) So in closing I will say
 this even though these writings of prison
 life will take months to be archived as
 we get stated remember the 16th president
 Abe Lincoln and the procal motion of 1863
 for Thanksgiving titled "Thanksgiving proclamation
 of 1863, to celebrate the giving of thanks to
 God" for our blessing in America remember people
 come judgement day there will be no race
 no color no culture no land lords no tax to be
 collected no only one man their before the
 almighty Father of the Universe and his son
 Jesus Christ he will either speak up for you
 or simply Denie he ever knew you! We Am
 gonna Be Dancing like ol' Michael Jackson and
 Jesus will Be like pop & see he can't stop just
