RE: Memories Dear Hamilton you may post my letter to [REDACTED] it was not meant to be sent any where but to the Archive's since you all are documenting prison activity and its prison's prisoners and abuse's well writing this today I just want to speak about the last few days since Veterans day, you see in a Veteran not of a foreign war but of the one being waged across America right now lets not go into medals & awards and the likes of which some have never even seen because they were already dead by the time they received them, so lets speak about what we do know and what we can do to change the face of the Ghost in the Machine, that is haunting America these days this morning I sat to breakfast with a Sayer man, when it took all that I had to muster not to back hand him, as he sat there eating his breakfast I know it was just a test since the night before he was spread eagle on the ground outside

of the housing Unit after attacking a young Mexican Man after Dinner with his hard plastic coffee Mug while I came up as close as I could and told him what a Dog he was and a real criminal while the correctional Staff Masted him and the youngster with their MK-9 Spray like a couple of wild Dogs till the Burn got to great and they took in so much of a Breath and the fight left them and they listened to the commands of the C.O's me I told the Syrian cat what a Asshole he was since this was his ~~3rd~~ third incident in as much as 4 days in the E.O.P. community, I asked him how he liked that Mase and he said it felt good so I get it / he must be a prima Donna in his Country But Not here, this is a program of healing those wounds this guy is opening up old ones if not for others me and my self and like jim Cary would say Irene, the "Pet Detective" so it is said when you point the finger at some one you have 3 pointing back at you My case in fact veterans day this same man was Bitching and complaining early in the morning about not getting

his Shower the Night Before while we are all Standing in the Medical line. I Dont know about the Rest of the world But I Thank God every Day I wake up I have Running Clean water to Drink a toilet to Duce, and Feed the Warden in as well as a Hot Meal 2 Times a Day and a lunch hell The Bumps on The Street are just waking up By time our asses are Done with our Morning meals and getting Ready for our Days so I get a little upset when some forgen Mother F. comes to My Country especially in California where so Many have fought and Died and Suffered through Blood Sweat Tears and Tears Torn from Family Men who could have Made Deals and gone home But chose Not to, to Stand for what is Right even if only God see's it. But I Do know God see's everything, The Good and The evil, so to Be called a Criminal on Veterans day well I'll take that! you all enjoy your Freedom and Remember some of us gave some

And Some of us well we can give even More! I was Reading a Book By Donald J. Trump where he Said 'if It Ain't Broke dont Fix it' well our justice System is Totally Broken, Mentally, Physically, and Spiritually, And If the United States Senate Congress and the president Dont Start working with the tribes And Family's in America they will have forever lost the Faith of the people just Remember your Internet is only Been around for ~~many~~ So many years just like good information there is Bad information so If your Not checking the Facts It's just some dumb ass kicking the can just that much further down the Road My American Dream? The old own a house a wife kids, 2 point 2 Dogs, a swimming Pool the 2 cars ect. well when you have the ignorant people who use their lies to gain a foot hold in the lower levels of the prison system Street Smarts, In my Training it was called

Street Terrorism, then to be convicted
 of criminal threats by these thugs
 of prison guard staff and their mental
 health staff girlfriends whom have infil-
 trated into the prison community and
 have brought all the drugs money,
 cell phones, ordered the hits and the
 murders of members of any rivals that
 oppose them it is nothing more than
 a R.I.C.O. act or a conspiracy to
 advance their own agenda at the
 expense of some poor dope friend, or young
 gang member, that could have been helped
 years prior before he was lost in the world
 believing drug gang's money girls and
 possessions of the world were the answer
 to all their problems then some scared
 so something kid ends up in this shit
 hole and I only call it that cause
 all prisons are shit holes, even if
 your not put in a cell, like I was
 in Lancaster State Prison in Los Angeles
 County California on 9-12-2018 and then on the
 16th I was actually put into a cell with
 shit human crap rubbed all over the walls
 that was cell # [REDACTED] -yard L.A.C. after
 the Sgt. of the yard and his fellow C/O's
 plotted to remove me from my housing
 unit because I was on the Black Correctional
 Staff's hit list as I had been explaining
 to the United States Senator's for the past
 2 years as well as the attorney's involved
 in the federal lawsuit, for the mentally

ill you see I don't Need Anyones Money
I am Famous, I am written about in a Book
you see God Knows My Name And That is all
The Fame and Fortune I will ever Need!
I tried to explain to My Blood Family!
But Some things they will Never Be able to
comprehead The Spirit of God Does Not allow
them to hear what I's Beening Said, So for those
of you who may some day **Read** these **Stories** just
Remember If The Spirit of God is Not In you
all that I write About will just seem like
~~fool~~ Foolishness to you, For example I've Been
locked up for over 6 years for No crime, just
Some one saying I did Some thing I did not
do that lead to More circumstances of More
acuastions that lead to criminal penaltys
when No actual crime had Been Committed So you
see when you say you live in America And you
have your freedoms And a Consitution that
protects those freedoms, you may ask yourself
when I hear someone say something about someone
or Make a actuation about Some one you should
take the time for Second And 3rd oppiorions cause
Now things are coming to frunttion and all
False witnesses will be punished for their lies
And there lies will Not be forgiven By God, Since
those evil people punished the innocant and
that is a abomination to god, He Be hating
on liers just like using Racism as a excuse for
your faults or your issues with the law, well
what about Reverse Racism when you use
Some ones Race to convict them for who they are
Now that's a Real crime and I'm Not Black Nor

Nor am I white, I am a combination
 of 7 different Nationalities yet because of
 My tattoo work and its esoteric means
 People have judged "The Book By the cover"
 So to speak, So Now after all these
 years we will soon see white the
 world watches America cry's, We are
 all being punished, God has set a curse
 on us here because of all that those we
 have let represent us turn there our
 hearts to stone and not only must treat
 the world but its very own people in
 society now people wonder why people
 kids as well as adults are committing
~~and~~ suicide and going on random murder
 sprees well look at our movies, or enter-
 tainment industry its all murder, drugs
 fighting, stealing, glorifying everything rotten
 in the world even the women screaming
 #METOO yet you come here to Mule creek
 State prison near Sacramento California and
 the staff women wear pants so tight that
 every man even the cops are looking at
 their asses and the prisoners a lot of
 them with a I dont give a fuck attitude's
 will stare or comment about the broad's
 asses cause if they were ladies they
 would not be trying to receive attention
 from the criminal element or would they?
 Cause prisoners need love too! Right? So
 every Tom dick and wood be hussy that
 believe's he be a player is trying to get
 at the girls some well lets just say play

a Sucker Right into a trick Bag and once
 In a while you here a Story of a inmate
 hooking up with a Staff Member or like
 in the Days Passed on My case you hear
 about the Dirty games the psychic techs
 and employees placed uncharged to take
 on a certain task to deal with the Mentally
 ill and yet they use a Recommendation from
 a Family member to get there job with in
 the prison System, you must Remember that
 just because they can Pass a criminal Back
 ground check, Doesn't Mean that they are Not
 acting in a wreakless Criminal Manner
 as of this writing I will Not give up to
 much about who, what, where, when, How
 And why. My Family has given up on
 me or the System that Was Such a
 pillar to be praised and a Model for
 the Rest of the world to follow Now it
 locks up everyone and anyone just to feed
 its leeches that cling on to it just to
 survive it must come to work and create
 more work just to survive or it will die
 and I like many others have said you cant
 keep locking up us all forever, this is what
 I get for sticking up for my self a life in
 prison for nothing but if I have to
 be here then everyone is gonna hear me
 scream like a eagle I aint No Manson
 clan Member Im a MARINE until I die
 Devil pups forever! [REDACTED] Life
 guards rule. [REDACTED]
