

Clary Whitecell is on fire /  
and one wing in the fire

Jan 5<sup>TH</sup> 2020

So I was able to recharge my pen filler last night make a pen holder and save a couple slices of paper to continue to write on this beautiful Sunday after noon hot that I've seen the sun in a couple of weeks yea I can go to yard but why bother I can watch all the kids try to take apart the fence and talk about who they stabbed and why as if anyone cares I'm trying to get out not make this a career which when I was called upon stepped up to the plate, now what has changed nothing except I'm not a criminal just a good artist trying to recoup some of my lost funds due to the from copywrite & trademark infringement when the chief of psychologie has to ask where you get all your money? you know things are getting ruff when the doctors can't perscribe and can't decied what ails you it's time to rise above all the poobutt's and make tracks back home seems that when you can't even talk to the warden cause they are all robots and don't believe any thing anyone says cause don't you know all the judges are so righteous that they will even fine a poor man so he can't even have his wife or kids send him 20-bucks cause they steal 55% of it

wasn't For people like me they wouldn't have a job  
 to do! what the State of California Needs to believe  
 is that, I told them 8 years ago, you can't keep  
 locking everyone up for ever, Now ever has come  
 around in less then 25 years out of 36 years of  
 doing time you see just like I am in the Navy  
 and probably will be for life, It's the same in  
 prison you kill one of ours we kill 100 of yours  
 I did not Run Iran! after hearing the news and  
 Mr. Trump sent a Dump Down on Bagdad air port  
 the other day It seems once again the war  
 rages on Nothing New here just like the Streets  
 coast to coast, when your a Made Man your one  
 of 2 things a Mark, or a Man. If you want to  
 expose yourself to politics then do it in prison  
 Dont Sell your Rap music to my kids and then  
 say No white person should use the "N" word  
 Did I just put Nigger on your mind? Cause I  
 have a First Amendment issue here with worldly  
 people and there Silly Follie and there tuff guy  
 tuff games over he said, she said Bullshit If any  
 one paid attention to there own lives as much as  
 they do feeding off others then I am talking to  
 you Ice cube, how about your KKK Bitch  
 Rap? or Ice tea and your Body count, cop  
 killer song, Now your all Muti Muti Million

like John Wayne not the white old guy but the  
O.G. from Compton V13 CV3 in Compton a real  
Mexican a Mexican with a additute "N"  
So Rest in Peace Mr. Wayne as Crazy as Compton  
is I heard at Christmas the Compton Collage served  
up in the spirit of the Holiday's something Real  
Special to give Back to 16,000 plus Residents and  
what did all the white jew Backed NWA's give  
Back some lip service that create some more hate  
that cause a young Black Man with no father  
figure to gather up some courage cause he could  
barely spell it and ask me for a 7<sup>00</sup> lone for  
some Hygiene just to play me for a month while  
I stayed on his ass like a fly on a fresh  
steaming pile of shit until he could spell the  
word courage with out asking me but taking  
down the vacant sign on my cell door and  
spelling the word Tell he got it right knowing  
damn well all he had to do was ask me for  
my Dictionary to check it yet he only borrowed  
a stamped envelope from me a few times cuz  
he knew that ol' Uncle Bubba would give him  
one if he asked cause if I needed him he  
would come around you gotta have it like that  
when you white Mexican Black Dutch, German, Spanish  
Mexican Degargo Indian, and Cherokee Osage,  
It's a Ruff life just riding white, yet I never  
Denire any one No matter what Race or Creed or

Nation of origin cause one thing I am is a  
 International Man and I perfume My homeland  
 of Southern California I dont need to Be around  
 The world in 30 days or a Fleck of a Second  
 I'd rather Be Humble and close to Home, when  
 The only Shit you get for Christmas is a Catalog  
 from The United States Mint then what the hell  
 am I worth "proverbs 22:1" If I must conclude  
 My job is Done all these tough guys telling  
 on there self's and the lying ass Staff with  
 all there Fake ass Reports and AD just  
 keeps ~~gone~~ going and going on and on If I  
 Brake the rules I loose My life 30, 60, 90, 120,  
 180, 360, Days at a time yet all a Staff or  
 C/o gets Caught in a compurmise they get a few  
 days off? well to the Dick Dude, Mother fucker  
 just the other day his words not mine. These are  
 the words of the correctional officer that wilfully  
 used his hands to cut My cake in half to Short  
 My Breakfast just the other day torture? well when  
 you have to rely on the Man to feed you It's like  
 you a Dog in a kennel they are all trained to  
 Basically Mistrust you period thats fine I dont  
 trust anyone period like just follow them off the  
 cliff of there lives and you wonder why there  
 is so much Hate in the world like he told me  
 I come to work and Do my 8 then go home I  
 dont think about this place! yea will you well  
 when you dont have a job anymore! Slavery!

Now I have some more slices of paper text Jan 11<sup>th</sup> 2020

● My pen filler will run out I get five sheets of paper a week and five stamped envelopes that is my issue for being indigent "No Money" I haven't had a paying job in prison for almost 6 1/2 years I was even fined over 1200 Dollars for my trial which the state picked up on me as a terrorist threat or criminal threat I had wrote the United States Senator Kamala Harris California, so ~~to~~ let her know she should put forward a bill that if you get caught flipping someone the middle finger you receive a 21 year term in prison, I did that is no lie period, It's no wonder all these weird things are happening to me, It's not

● just me I see a whole lot of crazy stuff happening around the world, I use to believe in my country but I feel like the country has died it all came to a head on December 18<sup>th</sup> 2019 the day the House impeached the P.O.T.U.S., Everyone claims they want peace but that's the pipe dream we all know that war comes first then peace like ab Lincoln once said we don't just need to pray but repent of our sins our nation is sick as I had explained to Mrs Harris you can't have sick people take care of sick people in prison you see and hear everything if you pay attention not just lip service, you will see, who does what, where when, how and why your either in the game or your on the side lines but as many inmates on the sidelines it don't take much suffering to turn one man, out of

The crowd, especially for a Dope Friend that's got  
 the Blues, I myself have been clean & sober for  
 many years, I Don't believe in fronts and I Don't use  
 credit if I can't buy it or pay for something up  
 front then I don't need it. Same way we lived  
 my life on the streets, I had to take a minute here  
 to listen to the Nabor, he has to let me know every  
 5 minutes his store list for next week, every morning like  
 clock work, he calls me in the vent that runs behind  
 the sink & toilet on the wall to let me know that he  
 is getting coffee soups, cookies ect. then how much is it  
 can I add it up for him the list changes each day and  
 he has been counting down for 28 days we are at 7 now  
 if I don't answer him he will call my name over  
 and over and over, or he will call his Nabor upstairs and  
 repeat everything to him, yesterday he was killing everyone  
 today's his blessing everyone and that's the way it is  
 here. quite time? well that's best spent with your ear  
 buds in and some white noise I won't say that I don't  
 sing and kick and bang on the door, cuz I do but it's  
 just a way to keep fit and stay busy as I invent new  
 ways to occupy my time, well I'm out of paper for now I'll  
 write again @ my new prison, I've got to write my babies  
 Ma Ma and see if she'll love me plenty and send me so-  
 that'll be 900 come store if I'm lucky if not I'll just go  
 with out like a tiger in a cage half starved and mean  
 as Hell but you all know the truth? It don't matter all  
 be vapor someday and 100 years from now everyone will say  
 Mary Whitecell who? right right or? crazy but ~~not~~ <sup>INSANE</sup>
