

Dear Sirs

I need more info and more permissors slips for other inmates.

I would like permission to write my story!

I'm facing 15-30 years for a crime I didn't commit. Convicted on no evidence no facts no witnesses no negative medical reports. Just a females testimony under Pa's "Stonel alone law". I got railroaded by a P.D. who after a sub trial of my #1 trial joined the Da's team. They want give me a new trial even though my Pa constitutional rights were violated and my fundamental (14) Amendment rights violated. I'm in the appeal process now at Superior Court level.

The Da has

over

recommend a sentence reduction  
but no new trial, as most  
people feel I'm being punished  
for not taking the plea deal  
of 7-10 yrs. Do they hit me  
with the max.

I am not alone  
plenty of other inmates are  
doing time on nothing but a  
persons (mostly females) testimony.  
No fact, no evidence, just stand  
alone law!

We need to get our  
stays out.

Thank you for your  
time

Sincerely  
Rambor Doree Bird
