D.C.C.C Prison
commonwealth
OF
Angel Santos-w104612 Massachusetts
AS A convicted felon,
In the United States of America
The very land of exuberance
The land of possibilities
expounded, compounded,
expanded,

AS TO every American Born
Be of opportunity,
That he/she has, further
will have options and tools
and enablements,
that are of America
only,
exclusive and without
compare

In America and only
of America has
liberty, freedom, justice
AS guarantee,
Longed as a fabric replaced
AS A Promise
every citizen since
the 100's of years
yesterday
has had,

America has had
encroachments upon its ->

very quantified,
as articles of humanity
The very freedom that
embraces,
and founts of,
The very Bank of riches,
of guarantee,
The constitution has
had
critique's persons of
not any humane fiber
critiquing America, Americans
and there for
humanity,

AS The Person coupled has
had the affronts, beyond
Any sector of an
tremendous Society.

we must, note that I
have noted, ~~as~~ my guaranteed
freedoms,
deprived, because of these persons
is we, note America is
the land which has guaranteed
~~and~~ freedom is never negotiated
Incarceration is an account to include freedom

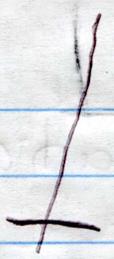

freedom Incarceration does not
cost there,
As freedom IS guaranteed
to be in complete,

how liberty is what is
taxed, as to that
you have not can't
in your Account

So as to, how my
freedom be taxed,
As an incarcerated citizen
As my
very right to participate
in free enterprise

has
now through a Prohibition
era
on nudity or nude imagery

had no exercise,
I have had denied
my right to view
images, in the land
of
The Podium country
to surpass all

In Assurance, Accommodations,
 To AMERICANS OF Births
 By constitution since our
 founding fathers,

Incaration has had encroachment
 as,

PERSONS OF not any
 role

have' uttered citizens,
~~and~~ Incarates, ALSO as
 those whom entail the
 detail OF ASSURANCE
 OF accommodation,

ridicules as MISPLITS, whom
 I would not quote her
 name,

certain they have as
 no humanity as
 to with impartiality

ASSURE citizens OF ~~the~~ diverging
 races, religions, creeds,
 AS Incarates OF ALSO diverging
 finaltyS in many instances
 By court order In the land of guarantee

they these misfits
have
mocked and decapitated
the process of humanity
the
very cartoon has
and its sanctify mocked

AS these persons,
deprive and deny where
they have not any
account in,

The cost is taxed upon
my guarantee

AS ITS apparent,
These persons, detail and
remove ~~the~~ guarantees,

on to deprive, deny,
then remake up

our's on behalf of
persons and misfits

Whom the country to
have humanity has excluded

Formats, Post, estimate &
~~case~~, finalized.

AS TO Some MISTIS,
do what in this country
IS since its founding
not A opening not a
Avail, That to an Society
By MISTITTING
which not compromise
Surrender of The Sanctity
of Freedom,

That IS now the situation
MISTIS threw no Plausibility
have

Demised The Plausible
The functional The
Fluid the human,

We note A day where
foundations of humanity
as Prisons are MISTIT
to,

Process Innocents, or to
enlife The years of A citizen
not due that
yet the MISTIT, demand

↓
the residue,

where all is apparent
Fiber, fabric, form,
Apparent,

residue, rapid, disagreement
due execution

how today released
in photographs cinemized
falsely portrayed, relayed
then re-portrayed,

while Americans are
remained there awanters,
then processed
in the most humane
and articulated systems.

while with no commence
to be process,

as to the innocent
not be processed

then the vile released

Very few in positions as
The United States,

yet AS the exasperate
for denial as others
and highlight on previous
erroneous and contrary
ways,

or trying to fool US
as a society then
destroy US APPEARS the
clue,

Just view the accurate
and infallible process as
American Justice
Place on citizens that
are not in commencing
that process,

that contradiction denies
our country our podium
our guarantee,
AS how can a guarantee with
no delay to humane,
how be mistreated so as
to it be of attribute to
mistreat, they criticize where no

↓
no human insignificance,

yet the misfits,
have encouraged,
misplaced citizens' mistreated
guaranteed humanity
AS the constitution of U.S.A
has had,
OFFENSES in this Redditude/
MISSION.

I today as to write that
I do not have,
the guarantee that at Birth
I had embraced upon
me,

AS today to contribute
by way of participating
in,
An enterprise that
distribute images of
humans unveiled

I have noted this to
not be as the
American Standard
the country of estimate of Promise

the country of The S,

the country of Assurance

It's Today that
encroachments,
are noticed, without
notice

In The land of notice
of Advise,ment,
of caution to Precaution

traitors To an great
land,

AS Bob Dylan, a S, Alien
Kim Kardashian, California, of
AS Araipio Mauro, Arizona,
discovered traitor,

these residues have
encrached & had enacted
Policy, Prohibition
that

disquiet The Sanctity
of Incarceration in the
land of America,
as they by force in A land
of no force, have had Policy enacted
on commonwealths by congress

they have ↓ threw
debauchery criminalized

at spoken at over
steps, ~~at~~
enacted
laws,

were the most American
have pledged in
silence to America

Image An American
at a

misfit's field

pledging Allegiance To
America

To The symbol of
years centuries, Americans
upon on to Americans

contrasting, engaging
~~the~~ Assuring,

from lower to higher
classes,

from military to
factories &

All in Separation All entire

All in congratulations to
Democracy,

that American Pledges alligns
as

misfits unstructured,
pull the rug from, the
country,

I today notice that
notice

~~how~~

how the cruel unusual
discrete laws

so laws can be
frictioned on to Americans

As they are escorted at
courts Tribunals,

As in a manner that is
held only for Americans

whom are as that at put

A star is one citizen

In time whom travels as
citizens,

not as viral, as is created
to today

↓

that America has not
The option for escorts
to vile mistits

accommodations for them
are

In chambers across
the country
that guarantee,
Terror deprivation denial

ceases, for no American confronts
those only embrace, Assurance, Accommodation
~~to be escorted,~~

how to humanity
In the land of excellence
resources unblinded,

As to misunderstand
its very being term
humanity
the distinction we have
had, and permit only
we have beyond any
other

America is the greatest land

greatness is as
America

I note the deprivation
of the Imagery as
it attaches to Along
many, The guarantee to
free enterprise

It's a deprivation that
reside that infiltrated
its enactment, as to
the prohibition

Infiltrated this military
to misfit
our country

The prohibition era has
~~years~~ lasted a century
as congress,
enacted laws to prohibit
nudity in Imagery
from Americans in the
year 1916,
that deprivation that prohibition
is today noted
as my incarceration is removed from
the guarantee
