

It's not the masked singer 5-9-20

FMWCC Las Vegas, NV On 5-9-20

The only thing consistint about this facility is the inconsistincey! That is the head line of the day everyday for the staff and CLO'S at this facility. on my way to breakfast today I encountered a CLO once again not wearing a mask while within less then 6ft from inmates. Also No hand sanitizer was being issued. This officer was clearly in violation of a direct order, not once but twice.

Everyday sience COVID-19 has taken Place I'r been living in fear of my life of possiably catching COVID-19 because CLO's don't want to wear their mask because they think they can do whatever they want and they are above the law. I understand more then ever now that ~~the~~ ~~CLO'S~~ some of the CLO'S ~~are~~ don't value their life and sure in the hell don't value inmates life because they can't follow a simple RULE of wearing their mask.

As I arrived at culinary this morning, lord and behold right before my eyes was a female officer standing next to the food service window without a mask. At this point I

had a critical choice to make, do I get my food and possibly have it be my last meal or do I take the long way around and run out the door. This is out of control. Any time that I have to eat, attend appointment or go to yard, I ask myself do you think you can complete this task without contracting COVID-19. I have no other choice, but to take a stand and be brave on my appointment days because if I don't attend I'll be receiving a (NOC) Notice of Charges (G14) Failure to Program.

LAST but not least if my correspondence comes to an end please assume the worst. Retaliation has taken a stand and I've been taken to the hole.
