I am on file @
Davy Whitecell

6-14-20

So I woke today one of the nurses asked if I wanted a shave? I quickly shook him away. My whole program has changed I'm no longer waking at 3:30-4:30 AM and Drawing or Doing My Bible Study, I've taken this time in the Hospital to SETTLE down It's much safer here then in prison even though there are still prison guards, It's Run By most part the psyc Staff the Rooms are much larger than a 270° Design prison cell measuring 9' x 16' I have a 12" foot size so I walked it off, the Bunk is a Steel Box about 16" off the floor and the Mattress is Decent the Ruff Part is the Blankets there your Regular hospital type "Moving" thick type stiff unlike a Regular wool type I use one for a pillow and the other to cover with I stay in my cloths cause it's cool in the cell Down Right Hospital cold so there isn't anyway to stay warm except to get under the Blanket, But it's O.K. I manage after talking to Mental Health Staff this passed Monday they say at there team meeting of the (I.D.T.T.) (Inter departmental treatment team) that there going to help me with my violence toward others

2)

as they believe I am a Danger to others, I've been heavily medicated and I'm now forced by court of California to be forced to take psych Meds. It's O.K. though I feel fine, I don't know how long I'll be here I arrived on March 28th I was told then by the doctor just it would only be 3 weeks to a month, as they were gonna send me back but as of this writing no news except the excuse the COVID 19 virus is holding every thing up. The unit I'm in B 2B is about half full and I've only seen a couple inmates even leave, we were all locked down Monday till Thursday this past week to be tested for the virus. Now this being Sunday we are back to somewhat normal I just took a break to go to the T.V. room I'm back in my cell now waiting for my dinner I didn't want to be stuck out there when the meals are passed out I wish to eat my food while it is still hot so I've kinda timed it so I can get back in my cell and eat cause the staff will just put my food in my cell after the 5-o'clock count I don't watch T.V. very often so it's kinda of a treat for me to catch something to watch a movie or like today NASCAR

3)

But just my luck the race is Rain Delayed for the 2nd time so I figured I'd come back and write some, so I can make some sense of it all my being hear that is I'll still say the best thing that has happened to me in a while is the correctional officer who bought me a soda on the way here, was the nicest thing anyone out side of my family has done for me in quite a while I've always heard of C/O's doing things like a burger & fries or a soda pop but nothing like that ever happened to me ever except on this trip up to the hospital so you see not everyone fits the asshole idea of the C/O's I've come across a few good ones but that was by far the kindest thing anyone has shown me in a long time. Being here the rules are different there is no passing anything so to get a person to pass is like pulling teeth right now I'm doing some bussness with my nabor he is in need of some coffee so I worked out a deal with him but I've yet found anyone willing to pass the coffee bag some times it takes days other times the first time you ask just depends on the person I stay with coffee, when ever my family sends me a package I always order

4)

lots of folgeri coffee. I know that I can use it to trade for anything I may need I don't do the whole drug thing, so I don't owe anyone I mostly trade for food here in California in prison we get 4 packages of 30 lbs. every ninety days plus 2^{20.00} a month in canteen which I rarely use But Being in this place and going to store it's nice to have my family help me some. I try not to ask for too much But times get Ruff and in here hunger is always rearing its ugly head Besides the fines that are levied against us By court order Mandate the State to keep 55% of any money send to us prisoners So I just recieved 65.00 Dollars from my older litle sister I get 29.25 to spend at store so I was looking forward till tomorrow to shop I'm getting some top ~~tier~~ Ramen to take the edge off the hunger pain's the days of eating like a King are over I can't even sell much of my work ("cards") here cause I can't take anything with, to yard or T.V. room and what if I do get caught, I don't wish to cause any evil to befall me so I just keep to the rules and maybe find some one nice enough to make the trip and trade for me sooner than later

Well I did receive some mail this week from
 my Brothers at piecemakers.com Brother Stephen
 sent me a Birthday card and him and my Brother
 chet. enclosed letters the card was signed by all
 my Brothers & Sisters at piecemakers they sent
 me some color photos of a Dumb waiter they
 build for the store so they can help move the
 Sewing Machine's up and down the stairs in
 the shop's classroom so much so my Brothers
 take the time to write & send photos of what has
 been going on it won't take long before the pictures
 come up missing like all the rest they have sent
 of over the past 7 years as much of my property
 gets stolen or mis handled by staff everyone
 here has their personal property but mine didn't
 come with me I came on a Saturday right out
 the back door of CTC in Donavan State Prison's
 Hospital section my 3 Boxes and my property is
 somewhere it reminds me of the Arch of the cov-
 anate, like in Indiana Jones movie how it
 went in to storage in that warehouse at the
 end of the movie lost with a million other
 Boxes it's happened many times to me it's the
 Staff's little way of striking the screws to me
 like passing the buck they misdirect your

property, cause anyone knows it Disrupts your program, I myself would not have such a issue if it wasn't happening to me so much, I've lost my T.V., My Radio, Books & Bibles that were sent to me from the Streets my watch and custom Handmade Neckless Medicine Bag and Numerous Items of cloths the first time was in 2017 when all my legal work and property except for my T.V. & 2 Boxes of my property gone for 4 months when it was found the only thing that was missing was my Sentencing Plea Bargain pink Slip that all my initials were signed for this Deal in on for 10 years Right Now as of Sept 30 2020 I'll have been Down 7 years god willing. I only say that, Cause we don't even know what Tomorrow may Bring us at least that's what my Bible States in Proverbs 27:1 well I just got back from the T.V. Room I was able to make the trade with my Nabor so that was cool the Staff let me Drop the coffee at my Nabor's Door and I just picked up the Beans & Rice after I just come in from the T.V. Room so it didn't take very long so now it's me Beans & Rice and Jesus Christ on this day

My litigator in Mule creek Did me justice old Mormon John is My hero, when the Ugly Face of justice Staired him & me Down ever the Evil that was cast apond me has to go away So I sit and wait to hear more good News But am Being Very ~~patient~~ patient I look forward to the Day My EPRP earliest possible Release date goes Back to 2020 no longer 2035 and all that for a impulse Move "Flipping that Bitch the Bird"

I won't Rumininate on the ~~Same~~ ^{Same} of old
Story So I'll just get Back to the Now
My sister sent me some Stamps and it's
Nice to send out a letter for a change
that don't say I'm broke with indigent stamps
all over it well ~~they're~~ ^{they're} here for
Medication and I'll try and rap this up
for tonight I'll write more tomorrow as
I think of more to ~~say~~ say and my canteen
comes so I look forward to killing these
Hunger pains not anyone or hurting anything I
know a quick way to solve many of my issues
just quit putting someone in my cell with
me, causing the undue stress there isn't
anything worse than a cell boss but it is
what it is I'm too old to have to bow down
to some kid who couldn't make it on the
Main line and is hiding out in my E.O.P.
group sucking down drugs thinking there fooling
someone but I'm here and it isn't for
being a nice guy right? I have so much violence
on my record it's funny all that and no
injuries oh except when my cellie in L.A.C
put a stick in my face but it only is
violence if the other guy hurts me? Funny all
those times I never get wrote up? if I'm injured
