of 22 top three (3) lines.) The internal guidelines I bring forth, and, are directly referenced in showing the American Public, and in addition, first hand knowledge, which was witnessed by at least one person, my cell mate, [REDACTED] as well as other inmates; accounts of this writers verbal conversations with Bureau staff and Officials in Greenville, FCI, and inmates of what happens, is happening, has happened, and ~~is~~ was going to happen.

I would like to make reference to the following three (3) exhibits that have potential to show up in given testimony by this writer of verbal conversations and Bureau of Prisons and the United States Marshals Service Over-zealousness which violated 18 USC § 4042 supra and as such endangered the lives of over a thousand inmates and staff, as well as the public.

Morton v. Ruiz, 415 U.S. 199, 236, 94 S.Ct. 1055 (1974) ("Where the rights of individuals are affected, it is incumbent upon the agency to follow their own procedures,"); Caldwell v. Miller, supra ("An agency must conform its action to the procedures that it has adopted... [because inmates have] the right to expect prison officials to follow [agency] policy and regulation." PROGRAM STATEMENTS) is described as institutional Prison Official Policy which derives from C.F.R. CODE OF FEDERAL REGULATIONS, CODE OF FEDERAL REGULATIONS IS POLICY SET FORTH For the Agency, is also Law. Program Statement is not law, but is to be followed at minimum, internal guidelines.

A few acronyms in pages to above and below.

IDO = Institution Duty Officer

BOB = Bureau of Prisons.

U.S.M.S. = United States Marshall's Service.

FCI, Greenville, = Federal Correctional Institution - Greenville (This writers housing).

HSA = Health Service Administrator / HSCU = Health Service Unit (I believe).

SHU = Special Housing Unit / P.C. = Protective Custody.

C.O. = Correctional Officer.

§ = Section / §§ = Sub Section (I believe)

P.S. = Program Statement.

("Respondent [Michael Carvajal Director Bureau of Prisons] desires to update the Court on the "incidence" of COVID-19 "Cases" at the institution") (see sentence two paragraph 2); ("An ~~incoming~~ (newly arriving) inmate did test positive for COVID-19") (see: sentence one paragraph three) (EXHIBIT 9); AND, ("As of Thursday, June 11, 2020, FCI-Greenville has had the first inmate test positive for COVID-19") (see: first sentence, paragraph one).

What I find interesting is the first quote and definitions of the words that the Respondent uses: "Incidence" and "Cases."

Both words used means, plural; more than one. The only problem is the second and third quotes above admit too one case.

Lastly Let's go back to EXHIBIT (9).

Here ~~entails~~ the most important, and, monumental factor: ~~Respond~~ ~~ent~~ "Respondent desires to update the Court on the incidence of COVID-19 Cases at the institution in greater detail than the information that is shared with the public on the periodically updated BOP webpage @ <http://www.bop.gov/coronavirus/>

That's right American Citizens. Your loved one's whom are incarcerated with whom safety you are concerned, the Bureau of Prisons is stating in official court documents that they do not, and practice such as, to deny the public with 100% detail with what's happening within institution walls with their loved one's and the death toll of COVID-19 disease.

No more conspiracy theory severios. The truth here and now, and, in black and white.
