A PWA.

IT'S a Pleasure to be a part of
A PWA. well what I want to talk about
is this CORONA Virus and How it HAS ALSO
Spreaded All Across the Prisons. NO ONE
NEVER TALKS about US incarcerated like we
dont have lives also. we HAVE people in
here dying literally every week. Yes i do
admit some inmates was released due
to health problems. But i Feel like we
should be heard more. yes i wanna
try to file for early release but most
people that have got turned down. well
this prison in At currently has been on
lockdown 90%. we only out 1 1/2 hours 3
days a week and 2 hours of rec each week
which just started after almost 6 months
of lockdown. So I ASK the people with
voices to please think about US in prison.

THANK YOU.
