

Screaming loudly in a
Dark room,
Every body sees me,
but dont hear us,
Guilt yet still a human,
child of god, till the
devil kissed cupid,

Bread winner forever
NOW I'm useless,
If time is designed to move
the saints shouldnt steal,
cant blame a man,
who plea bargined for
and begged for a appeal,
If I'm innocent till proven
guilty,

Why do I go to Jail
first!!

to make bail,
bonding dollars bills,
to my fears,

I did all I could,
in this marvelous world,
still Judas came in the form
of my baby girl,

Just a ape,
but not your gurella,
yea Knowledge will kill ya
its obvious,
mental, not phycotic,
pain aint pain

fill it brings fears,
I'm the last man,
standing on the Red sea

Fallen Angel

Looking for Angles
SURROUNDED BY STRANGERS
BROKE bread with Demons,
NO love lost at all,

because its a action
word,

my eyes are heavy
caught in the black
Widows Nest,

staring at bars
hand cuffed to shackles

Sing sad songs

in this Imaginary home
I must be a beast,
unfamed, unwanted and unloved,
