"At the End (of one-thousand-ancestors), 'idols' replace, statues, with-
humans. Then, 'Humans' replace, 'statues'; with 'diorama!' And, 'dio-
rama' replace: 'Human-idols!' While people, follow (pled piper) fiction!
'At the End,' what are believed (HUMAN) replace; a 'Living Being,
who, has blood-piercing-through-their-veins!' At the same time, they-
are as 'hardened'; as a 'statue, rotting-away!' Few, believe, SEE!

"I won't say: hands are, joined, to meet;
like as, individually!

"I won't say": while cuffed, they, must seek;
implore, help, from-beyond-the Peak!

"I won't say": such done, is unique;
aye, we come from, Adam and Eve!

And, "I won't say": "dream, the ideal;
for, "a Thousand forebears,
lead-will!" [REDACTED] VARA ©

When 'dogs chase their tails', seek they routine,
life? No less so, than Humans; whom follow ancestral norms!
Never challenging, nor, changing: "make america great, again;
'the Midas-Touch'; and, "how Alexander solved Gordian's-
Knot!" The same-ol-path, which (of course) were: MYTHS!
'When prithen, was america great? Please, tell me?'

(At the End, the word (monopoly/oligopoly) DESTROYS!
Do not affix, link, or append; 'after the fact'? Hence, they are-
not original, 'So, WHY, so many follow', the destructive trends?
UNLESS, selfsame seek: FIRE? Although, I'm durance; I do-
not seek destroying good! Rather, I seek (in here) for, 'out there';
TO FREE SOME. I've said, from the first essay, 'out there-y'all-
are durance, too!' They suppress?

Be not confused. 'Suffices, as used (by bibliopole), are the
death for America! If awake, define: bibliopole? Just like, a-
WAR: UNITES MOST RACES; defending American Wealth. The FEW, in-
regard, TO THE MANY; NEVER, defend, THE POOR-MAJORITY! Their in-
terests aren't, ours! Exactly why, any monopoly (except, good/love) DE-
STROYS LIFE! Ye shall see, 'at the End!' [REDACTED] VARA © 9/15/20 plantation ADX
