

## Terminus ad quem

Just beyond the clouds I see it approaching  
The crescendo of 'comes around'

Disenfranchised persons will relish in this event

Terminus ad quem of the system

Terminus ad quem of those whom slither

Goals of the righteous will pound the surface of the other foot

Laws of the doomed ones in which were enacted in auspiciousness

will be refused by the righteous filled with transparent  
innuendo and superlative acumen

Contenance awaits at the Requiem gate

Celebrations, glee, and a chance to breathe now be today

Thanks to the terminus ad quem of ones whom our trust was in  
for far too long
