What work, What doesn't  
Work and Why.

What work for Raynon Jones  
today once I change by fix my  
behavior and the way I think  
being around some one that care  
it help. God will work it's health  
humble, strong, Responsible, honest, Today  
I share the Light work not being blind  
to world seeing knowing was right -  
from wrong work. listing work that's  
how you learn what work a health  
support team, educate. Knowledge is  
power that's what work. What doesn't  
work being Irresponsibility, Ungrateful  
not careing, have low Self-Esteem, use -  
Alcohol, Untrustworthy, Controlling  
that doesn't work and Why.

When is all said and done from  
being and responsible not careing you  
go be lock up or dead and that's  
why I do what work.
