

①  
Enough is Enough of the Systemic Racism and Philadelphia's Amerikan Apartheid. Philadelphia's historic oppression of its Black-n-Brown citizens, documented Corruption, the Targeting of poverty Stricken Communities by White Supremacy laws being signed into Law, To Allow The justification of incarcerating more Philadelphians, than South Afrika incarcerated during the Apartheid ERA, !  
Dumping people into The Newest form of Legal Slavery, Arresting and Charging their victims with False Felonious <sup>multiple</sup> Related Charges designed to overwhelm the person with fear - to the point of their victim taking a plea deal to Avoid - Spending decades of their life incarcerated inside one of the New Plantations, !  
Once you are convicted of Any Felony charge - you become A modern DAY SLAVE of the State that you've been duly convicted of - As it says in the 13<sup>th</sup> Amendment to the U.S. Constitution, once again the Exploiting of Slaves are still Allowed, the Slave (aka prisoner) is forced to work on jobs for free or next to nothing 19 cent per hour - Doing a job that would pay 20 or 30 dollars per hour - Economics - The Prison Plantations are now privatized for profit, Laws are being legislated to insure and promises made To keep These Plantations filled with disproportionate numbers of Black-n-Brown Philadelphians - Prison Plantations are now becoming one of Amerikkka's biggest businesses in The Top Two, or perhaps its Already Number One!  
If you take the time to sit and reflect on how many other enterprises are connected to this

MASS Incarceration Expansion, Here's just a mention of  
them a wide range of those ~~included~~ included - From the Police -  
Bail bondsmen - Judges - Lawyers - Prosecutors - guards - nurses - Doctors  
Construction Company workers who build the plantations - The  
Food contracts to feed the captive's - The pharmaceutical  
Companies - The telephone Companies - The Commissary Contracts  
Keefe - Access-ect - The E-mail Contract - G.T.L, ect. The list  
is unending, I have left out clothing Co - Sneakers - Shoes  
Underware - Electronics, ect - That prison plantations are  
traded and trading on the stock market, billions and  
trillions of dollars being made off the pain and sufferings  
off the backs of the SLAVE PRISONER, MASS Incarceration  
by Philadelphia's Systemic Racist Apartheid, can be seen  
as the catalyst that opened up the floodgates to let  
every corporate power to take part in the financial investment  
in this tremendous, exploitation and oppression of the Modern  
Day Slavery System! Laws that are bias and designed  
to keep people in legal slavery and to be treated as  
less than human beings, once you've been trapped and  
segregated from your community and convicted of a  
felony and transported out to a rural community of  
alien culture, people who have no problem carrying  
out racism - brutalities - and other oppressions on US  
modern day slaves. A felony conviction removes you  
from ever becoming a full citizen of this country!  
So now there's over ten million African American  
men with felony convictions between the ages of

18 and 35 - who've been forced out of the Chance for (3)  
Redemption - Jobs - Housing - a Real Career ect - This  
is a Strategy by Racially Bias Laws that's been legislated  
And Targeted Towards Communities of Color - Politicians  
War on Drugs was an organized effort to Criminalize  
Black-n-Brown Communities - Laws were-'are' passed to  
Allow the Police free Range to Violate, and overpolicing,  
Stop-n-frisk tactics - No Knock Warrants - Night Raids  
Covert Brutalities, that are only Allowed in these urban  
Areas, by Racist Police that do not live in these urban  
Locations - Just Imagine this - A MAJORITY of Black-n-  
Brown Police officers patrolling the areas of MAJORITY  
White Communities - Using these Same Apartheid Tactics  
And Locking up and brutalizing White Citizens, And  
even Shooting and killing them in their homes - in the  
Park - at the grocery store - or out and about doing  
Nothing, but enjoying the evening - And two or three  
'Negropean' police men Jump out of a unmarked Car and  
holler get up against <sup>THE WALL</sup> ~~the~~ Crakers! How Long would  
it TAKE for this To End! ? White People will not  
Tolerate This in their Communities - yet the Statistics  
Proves that theres more drug use And Crimes Committed  
involving White people, Blackmen Are only about 7 percent  
of the Nations population - yet we are over 50% of  
those with Criminal Records! One should ASK how

This happen- you simply pass laws that Allow Policing and ④  
Imprisoning our Communities, And Allow bias Cops to patrol  
And detain people for Any reason at all, from a broken  
Tail Light on your Car to the Excuse that you fit the  
description of a Suspect in a crime. - Set Economic Laws  
That are designed to ~~discriminate~~ - Set housing - Jobs -  
blockage's - MAKING it Almost impossible to become a Citizen  
And Survive without taking chances of returning to <sup>a modern</sup> Slavery  
Plantation Prison. Drugs-n-Guns - Fast Money TRAPS.!

Just because Laws ARE legislated into laws that criminalize  
certain human behaviors, doesn't make them Right! Just  
Recent, ruling by S.C.O.T.U.S. On Abortions, And Rulings on Modern  
day Slaves Rights to Appeals based on Innefective assistance of  
Counsel, How many more of these barbaric laws - designed  
To turn back the hands of time are going to be passed and  
made the law of the Land? Whats Next!?

The Government is Skilled at Manufacturing Criminals  
Simply by Criminalizing more and more human conduct  
every year,

I got off track a little, my intention was for this  
writing was the Historical Level of Corruption out of  
Philadelphia Pennsylvania, To Be Continued!

Excuse the mistakes And form this is on.

P.S. Question - If the same Levels  
of Violence WAS committed on white  
Children AS its being committed in  
AMERICAN Urban Cities on Black Youth,  
what would Happen?
