

Mountain View Unit
Chattanooga, TX

"SCOOPY AND SCRAPPY"

We're speaking corruption, injustice, Retaliation, discrimination and harassment... Where is the mystery man guys ??? This is Scooby and Scrappy running around Mountain View personalizing their job, just being your basic unprofessional "Supposably" Staff members - They never follow and TDCJ polbits, Rules, regulations or protocol, yet high rank says nothing when they are doing unjustifiable cell searches, illegal acts such as mailing but mail for "labeled" gang members to other units - People who is having human beings hurt, slaughtered hospitalized and close to death yet they mail but mail for these kind of heartless people - Scooby & Scrappy constantly harass people

Always missing the bigger picture,
 what gives?? Co-hearsing inmates
 + staff to go along conspiring with
 them to lie so they can cross
 certain inmates out & keep them
 down - holding grudges is not
 cute for one who is suppose to
 be here for the safety of the unit -
 yet Retaliating because one isn't
 scared of their race or ~~bow~~ down
 when it come to our Rights,
 it's not right at all -

No positivity radiating from these
 two - I mean where's the Rehabilitation
 They are never on a positive level
 never creating anything positive
 for the inmate population - The
 only thing they know to do is
 lie, write cases and get back
 at one inmate or another - If my
 husband worked on the same unit
 I work on & I'm haunted by him having
 affairs here on these very
 grounds I would just quit ~~it~~ it
 only being about bitterness,

anger, vengeance & retaliation - Basically
 Scooby & Scrappy create more problems
 than they do. Spending time being
 "SOLUTIONS" -

Staff here only tell us how
 to manipulate the system & with
 a pair such as these 2 they
 make it hard to be honest and
 upfront with them because
 they don't believe it and slam
 hard to put you down - They lie
 scheme & slam to - Making negotiations
 with inmates to trap people and
 most info given to them is
all false - So here they go
 again... Everything over their
 heads touch down the mystery
 man gone again... And Scooby &
 Scrappy are stuck saying "where's
 the mystery man guys?"

"We need staff who isn't just
 here for a pay check and
 actually like doing their
 job. That's all for Mountain
 View Unit today... Ethel'n Blake"
