

F. A. T. E.

(Feeling All The Emotions)

Bodies lying in the street

Why?

Hustling to make ends meet

Stop!

Committing crime after crime

Now!

Group homes, juvenile centers, doing prison time

Lost!

Locked in a concrete cage

Demons got you in a rage

Psych. drugs taken to stop the screams

Why?

Trapped in a trance, scared of your dreams

Stop!

The madness and the pain

Now!

Your cutting out your veins

Lost!

Don't even recognize your reflection

Look for any kind of protection

So much confusion and Hate

All behind your F.A.T.E.
