

"Powered by Truth"

Many lawyers appreciate their ability to swiftly lie
Courts are content to gawk

Scally justice results

Ad infinitum I creak in lux

"That's why God Hate You!!!!!!"

You trust your own welt

The Ultimate Punisher be wayward

It seems war of Putin; but truly a catharsis of
Universal Forces functioning unorthodoxically

— coming to a space near you

Every house of law shall be unsecured and emptied

The pains of lying in a bed eagerly wrought by
dirty legal hands swarm per diem

There will be an innocent wrongly convicted person
constantly reading and reciting this poem

Thus the destruction of legal systems will be
inescapable due Universal Electrical Laws and a
Universal Electrical Mind powered by truth
which joins them

So sad/happy, you locked away the right/wrong
innocent person this time
