hey hey This Essay is about people having death in the family while Incarcerated

The other day while writing a letter to my cousin, who lost his mom 15 months ago then to lose your brother is a hurting moment for me to even write a letter to him and it was bringing tears to my eyes.

Any way I'm just here waiting on this Lawyer Brian Stevenson to take my case , so we could get started, But he is dealing with the people on death row and told me to be patient.

Other than that I got a notice from T-Mobile stating that I could get up to \$25,000 for some one getting to our personal info, and I did not know any thing until I got this card.

I'ts a Court Approved Legal Notice That told me my

Unique class member I.D.# and I done mailed my Claim form as they told me that it had to be in by January 23, 2023 so all I got to do now is wait, and after running an A.A &N.A. meeting in here for 7 years + and I done got my mind made up to open an meeting out there in the world, were ever I choose to move when Released.

Those are the things that I do Instead of going to medical for something to get high on like the rest of these dudes that I see every day doing that, The name of the group we got in here is called the Inside and free group that started over in Garner C/I over in Newtown C.T. 06470 area code.

Yes those are the things that I'm planning for my future, getting \$1400,00 and then \$1800,00 in Stimulus money, then with T-mobile telling me what they got for me.

I open meetings with this slogan:

Alcoholics Anonymous is a fellowship of men and woman whoshare their their experience , strenth and hope with each other that they may solve their common problem and help others to recover from Alcoholism, The only requirement is the desire to stop drinking . there are no dues , fees for A.A..membership; weare self supporting through our own contributions. .ETC.

ANY way theres a bit more of the opening, but heres something I just had to share with you, there is a song called I'll be there, by The Jacksons yhat came out when I was about 8 or 9 years oldand to here my 33 year old bunky singing it got me wonderind, but he probley heard his mom playing it and remembered it , he's Jamaican so we kind of bond more better than having a knuckle head, I have Jamaican brother in law and could talk like them.

Other than that just to hope every one stays safe out there, so I could stop getting bad info, hearing about deaths is boring Until I write again, Be safe.

K.B. ONE!!
