

NEVER FAR AWAY

Hate me if you need to
Love me if you can
But I hope you don't expect too much
After all, I'm just a man
I used to know just what to say
Or even what to do
But I know I'm not forgotten
Because I remember you
Time can play some evil tricks
And make things hard to find
Am I really going crazy?
Or did I just lose my mind?
I never meant to hurt you
And I did not want to go
So no matter how I say it
I think you already know
Hope tells me there will come a day
When I see you again
For now I just don't have a clue
About how, or where, or when
Within the moon come find me
It's in your dreams I stay
It doesn't matter what you think
I'm never far away
