

Speaking to the shooter within the masses

174

Going through pages of paper useful words that are heard.
Look into the words whats really heard.
Talk shows and media and any blog post.
A voice over any talk show.
In a lane going auto whats the model.
I'm going in and hard full trottle. Speaking to the masses.
God's word in love thats the message.
Him dyeing once and for all for are sins then he sent us the
helper similar to a dove.
Now we lift his name up high praise God above high.
To the troubled spirit of suicide I bind that name in Jesus name
to claim that life thats worth life.
I am mightier than thy.
I am a over comer of madness in the world of mass shootings.
I speak to the root behind the person to the spirit inside who's
shoot and I an stronger than he seize fire I am Heard.
