

Poem: Lonely man doing time

2023

During time behind enemy lines can be stressful and lonely. Constantly asking myself wheres all the women, family members and fake homies. Out of sight and out of mind when you have a certain amount of time. People always saying they going do this and that but always lying. My level of trust is at an all time low which makes it hard to build relationships with people I don't know. Sometimes I rather be lonely because it's a waste of time dealing with people who's phony. The streets and prison left me with a heavy heart. Thinking to myself will I continue elevating towards the light and escape the dark? Loneliness, Pain, disappointment, and disloyalty can damage you mentally and spiritually to the point that you start looking at everyone as a potential enemy. The truth is I just want to be loved, but seem like don't nobody understand me.
