

Dear to My Heart

The most precious gift to this felon
are my friends and family members
those that remain a part of my life
and help this old con to remember

that life is more than Concrete and Steel
and these many dull hues of grey
laughter and love live outside the fence
life's waiting to be lived someday

So thank you for your thoughts and your prayers
the support you've given this year
please know that I care and I'm thankful
and my heart holds each of you dear

10-24-21
