

Worthless, Me

I am just a worthless cheat
living a life that failed
I am just a worthless thief
thinking stolen thoughts in jail

I was just a worthless boy
my contempt thinly veiled
I was just a worthless son
against your guidance I sailed
I was just a worthless brother
on you both I bailed
I was just a worthless lover
waiting for a ship that sailed
I was just a worthless husband
responsibility gasailed
I was just a worthless father
against your love I paled

I am just a worthless man
"woe is me!" I wail

I am just a worthless liar
telling you a truthful tale
