

Capital punishment Means
Them without the Capital get
The Punishment!

5-18-23

I'm from Riverside county
California never did I ever
think I would get the
death penalty and see
the inside of death row
in San Quentin! I did not
know that Riverside District
Attorneys hand out the death
penalty like they do until I
was in there court room fighting
for my life! I was told by my
public Defenders "Your only getting
charged with this because it
happend in Riverside" So my
California Appellate project attorney
comes to see me she tells me
"You never should have got the death
penalty but unfortunately for you
Riverside sentences more people to
the death penalty then most states"
One little county! On the wall
in the District Attorneys office
in Riverside this is what they see
everyday when they walk into work
"A Good District Attorney can
Convict A Guilty Man A Better
District Attorney Can Convict
A Innocent Man" Thats not
right and a little sick if you →

ask me! They live by that
and get away with it!
There should be punishment
for crime but what is and
has been going on in Riverside
needs to be looked at! They
over prosecute everyone and
get away with it far to much!

I end with this for you
to think about

Sincerely

Vince
