For females whom all are employed inside this hyper masculine environment. I Keenly believe. A well established balance must be drawn. Also in the name of Passion. Females are degraded and also Goes continuously violated in every imaginable way. Simultaneously. Depending on how halt is viewed it's passing was a ~~or~~ curse for both sides- large (mass incarceration) and small (female staff members) NYS-DCCCS. Seeks to have the halt Bill discontinued. In conclusion, our revelations and awakenings are the <sup>Result</sup> ~~Result~~ of Painful Growth spurts. At a minimum. For all relevant characters. We must reconfigure our thoughts and behaviors. When it comes to females - males stop sexually deviate it (as well). DOCCS is bolstering false accusations of incarcerated individuals receiving contraband being brought into the prisons by General correspondence. Such program is another binary strategy DOCCS is using to further it's agenda - terminations of the Hall Bill. Their machination (absolve) was successful related to Packaher. However, it is socially desired for criminals who break the laws to be apprehended and brought to justice. And there being nothing whatever wrong with setting up traps for those who are bent on committing crimes. Provided such traps are less likely to lead to additional charges being committed. What the state cannot tolerate is having crimes instigated by those who are charged with the duty of enforcing the laws.
