

THE COLOR OF OUR SKIN

The color of our skin has been misconstrued again and again, but Today, it lives as a daily conspiracy from within. The American Religions once considered the color of our skin a SIN. The People of our American Society has consistently partaken, this evil negative concept that has yet to find an end.

They've continuously lied to "US", Cheated and Grinned, with their false notions of being our Friends. We as a People have yet to win. 500,000 plus DEAD from Covid-19, yes AMERICANS, a majority with the color of our skin. There exist a diabolical plan of let's pretend. We are no more than Second Class Citizens, who's being stringed along from their beginning to their end.

Power will remain amongst 99.9% of White American women and men, and they'll never fully share America's Wealth nor Dividends, because the color of our skin is my personal opinion. They've created The "Po-Po" to defend, The Military to dictate and amend, these other Governmental Agencies to hide behind. The Law of Oppression and Sin, as we wonder "WHY" we cant win.

We've witnessed well over 400 years of tragedies, atrocities and misgivings because the color of our sin. So why in the world would our Immediate Family turn on one another soooo viciously when we're all akin! They've even named "US" African Americans. We kill and harm each other to no end. This is the exact Treatment of The Nazi's, Aryans and The Klue Klux Klan. Because the color of our skin.

They have never wanted "US" to be a direct part of Societal Americans. People here's THE TRUTH, the color of our skin and Yours are Permanent! GOD given, GOD formed "US" from the dust and dirt of Mother Earth and called "US" MAN/HUMANS.

More importantly with the color of our skin. Those who disagree with these historical facts are bias and insensitive. Far too long here in America, there's been a serious problem with the color of our skin. We demand full acceptance, just as yall accepted The-FOUNDERS SLAVERY AND MURDEROUS SINS.

Millions of people with the color of our skin have made life better in this world we live in. They've given significant contributions, yet some in this world have vowed alligence to keeping there diabolical Plan of let's pretend, and they hold it against "US" for the color of our skin. In this, I hope and pray you yall can also comprehend. look deep inside yourselves, I assure you, God is within, no matter THE COLOR OF OUR SKIN.
