Huntingdon been open since the early 1800's and Huntingdon still today practice old Cherry Hill Jail in Philadelphia, Eastern state penitentiary tradition on cruel punishment, Operant Conditioning, classical condition, and Racial oppression.

Sci Huntingdon is structure like a maze that Matthew Wilson and his team Condition rats to travel inside of searching for chocolate Flavored rewards. Through the sensors implanted in the rats brains, Wilson continuously record the firing pattern of clusters of neurons.

Sci Huntingdon Adopted Wilson theory about studying rats to better understand the Human brain. Huntingdon Adopted Ivan Pavlov theory on Conditioning His dog to response to a Bell for Food. Huntingdon is practicing Pavlov Theory on the entire prison population.

Prisoners has been mentally condition to work in this Heat without speaking up because they Fear of retaliation, or Fear of losing their pay wages, Fear of being denied parole, and Fear of change. This boil down to indoctrination, dehumanization, institutionalization which helps the Sci Huntingdon maintain control, once prisoners are ready to Free themselves from their enslavement. We can take control back

by using our intelligents. sci Huntingdon can't operate without the labor of prisoners. Thusly we gives them the power that they have, we has the power to take it away with intelligents. sci Huntingdon Admini- stration Knows this, this why they condition prisoners to be slaves - zombie - walking dead.

An slave will — accepted slave wages. on January 1, 2023, the Department of Correction has increased all pay scales and levels by 20%. This was a significant development because the Prison wages had remained Frozen since the days of Commissioner — David Owens going back to 1988 and 1989!

And secretary — of correction George Little's pay scale increase memo did not — address the circumstance that the vast majority of — individuals are in the unskilled labor pool, are not class 3 workers and are ineligible for a step D pay rate of \$ 0.52. see, Department of Correction website DC-ADM 816 inmate pay class Rate.

Additionally, the Department of Correction cut the number of hours in which we were eligible to be paid from eight to six and it has been that way for years! And still prisoners still would not be pay for overtime. Let use our intelligence for a moment. The pay scale raise of 20% in pennys or cents. Not Dollars. The secretary did nothing to help us ~~for~~ pay court costs, fines, restitution, child support, commissary items and etc. We are still being provided slave wage which is keeping us more, and more indebt to the system. This the secretary way of maintaining population control because once he raise the pay rate, he than increase the prices of commissary for example; soup were 25¢ is now 35¢ Pea nut butter wafer were \$1.20 is now \$2.23, cracker were \$1.23 is now 1.70¢ Therefore we were placed in disadvantage due the (Doc) ~~to~~ serving the interests of slave-owning and capitalist exploiters, from the beginning of this country down to today. The secretary, governor of Pennsylvania must created a new society that will eliminate all exploitation and oppression in every state correctional institution, county Jails ~~at~~ all over Pennsylvania.
