YOU FIT THE DESCRIPTION
By Shawn D. Baldwin

You fit the description,
--you arouse suspicion--
they are sure of your guilt, and don't need your admission,
they will set you up, and have zero contrition,
So relinquish your freedom--it's not your decision,

You fit the description,
--you arouse suspicion--
One thing is sure, they won't hear your petition.
If the truth doesn't work, they'll create a fiction,
without a need for a trial--and an immediate conviction.

You fit the description,
--you arouse suspicion--
no matter the circumstance, nor the conditions
move slowly, and speak softly, of your own volition,
for they require total control and complete submission,

You fit the description,
--you arouse suspicion--
it's evident in your style, in the sound of your diction,
it's in your DNA, a deep coded encryption,
of this they are sure--so reduce your ambition.

You fit the description,
--you arouse suspicion--
the treatment you receive is for your own erudition,
if you speak up, they will call it sedition,
and surround your home--with deadly munitions.

You fit the description,
--you arouse suspicion--
The color of your skin, is the source of malediction,
so be subservient and display full contrition,
They have found my location! End of transmission.

The following is for insight and not publication.
