

Thinking of marriage while Incarcerated

I'm glad I don't lust but yes I am thinking of marriage and my Future ## This News reporter Rachael Piscitelli, who I see every day ## and I don't see an ring on that finger has me thinking is that the one for me?

I came tpo Connecticut back in 1971 and I wasas sent to an Catholic school, thanks to my Grand mother who was born here in Connecticut.

Willie Mays some one I looked up to all of my life has chacked out on us and is now in Heaven.

Yes, he will be missed.

June Teemnth is celebrating our passed, and the elder don't talk about it because it is an new Holiday'

James Luke or Luke James is some One that I admire why I don't know.

I seen him on the Sherri Shepred show I don't even know if I spelled her last name correct.

She is a nother one t## I watch every day like the people in Hartford Connecticut watch General Hospital.

Spain VS. Italy today in Soccer and yes I get into all sports The Celtic did for the East coast in Basket ball, sent Dallas some where packing.

96% Degrees today, We went out side this morning and it was 70% already in the morning.

I'm listening to some JadaKiss (Kiss of death), the song Why just was onb my mind.

The Spanish population I admire so much is because of the way they bond with each other, I live in the Bronx, NY. and thats how my people do nit.

O'h I done seen it all, I got an bunky trying to get high off of the meds that I take and there only for HighBlood Presure I take fish oil & pills for Cholesterol, and I thank GOD for me not taking these meds like they do.

People in here get mad because I come out of my cell Haooy.

It's not my fault, don't take it out on me. I got to get my CDL., so when I get out I could buy my Broyhger Brothers truck, and continue making that money because People are going to pay you to get something from point a to point b, so thats where the money is at.

I got to wait until the following week to go and get soime c copies from the law library.

yea, let me hang it up on this typing so myu bunky could rest'
