in re. Trump v. United States, 2024 U.S. LEXIS 2886  
\*Presidential "Absolute Immunity"

Dear APWA, Greetings & Blessings from THE LIGHT;

I'm sure You recall the Essay I submitted on the U.S. Supreme Court FABRICATED "Sovereign Immunity" Doctrine (?). well ~

OVER 2 DECADES ago I wrote an Essay on ELEVENTH AMENDMENT Immunity, and posted it on my personal Blog at www.logandiez.wordpress.com (said Blog is Rated-R, for nonsexual adult nudity content); and, IN THAT Essay I WARNED America that if They (the Courts and Government Bureaucracies) were NOT made to abandon the Immunity Doctrine and hold Officials ACCOUNTABLE for violations of The People's Rights ~ Fascism and Tyranny would soon come to pass in the United States.

\* I invite You all to visit that Blog and READ the Eleventh Amendment Essay to confirm and verify I predicted this outcome over TWENTY years ago!  
well ~ I told America so...

The U.S. Supreme Court established itself as an Oligarchal Golem of King George III, placing itself above the Law and unaccountable to The People for its Transgressions ~ then, on 1 July 2024, it raised the Presidential Office LITERALLY to the level of a tyrannical Sovereign identical to King George III just three days before the 248th Year's celebration of Our 'INDEPENDANCE DAY' from King George III's "the king can do no wrong" tyranny.

\* The dissenting opinion by Justice Sotomayor in the above Case Opinion is a "MUST READ!"

If Donald Trump (by some curse from Hell) retakes the Oval Office in the November Election - I would strongly advise every sane, wise and Freedom Loving American (especially Democrats, Fringe Groups and Minorities) to get very, very far "Off the Grid", or move to another Country! He will make King George III and Adolph Hitler look like Teddy Bears, because the U.S. Supreme Court has just made a President TOTALLY IMMUNE from CIVIL OR CRIMINAL prosecution for CRIMES and/or CIVIL Rights Torts committed while acting as President.

\*They claim "America Is A Christian Nation" - well, as an old time Baptist Preacher once said, "The Lord helps those who help themselves" - so if "Christians" are the Majority and insist on getting involved in Politics - I suggest the "Majority" best act quickly and make darn SURE Trump NEVER gets back into the Oval Office!  
IN THE LIGHT's Truth and Love;
